## ROCK BAY BRIDGE AGAIN DISCUSSED

Chamber of Commerce Appealed to in Matter

That it would cost as much to break up the old Johnson Street Bridge steel fabric as it would to move it to some spot where it would serve a very useful purpose is the contention made in letters read at the meeting of the directors of the Chamber of Commerce today.

The communications again revived the question as to the advisability of moving the old structure to Rock Bay. It is contended that if a bridge ever be built at Rock Bay there is no time more appropriate than the present for it to be moved there, as it is in the future to contemplate the erection of a bridge at anything like the reasonable cost that would be entailed in the removal of the Johnson Street structure to the site where it is claimed a bridge is so badly needed.

The suggestion is made that as it would cost very little more to transfer the bridge to the Rock Bay site than to break up the bridge, Stone Street property owners might agree to the work being done under the improvement scheme. Unless some communication is given Stone Street it will remain with a dead end, and the consequence will be that much of the property on that street will revert to the city, it is contended.

The whole matter has been laid before the City Council for action, and the Chamber of Commerce has been asked to support the contention that some good use should be made of the old bridge, preferably, its installation at Rock Bay.

An Important Matter.  
"This is a much more important matter than most people realize," said J. T. Beckwith, who thought that steps should be taken by way of local improvement or otherwise to insure the removal of the bridge to Rock Bay.

"As a property owner in the district affected I might say that people of Rock Bay are entitled to that bridge," said Joshua Kingham, who explained that the city engineer under instruction had removed the approaches.

J. O. Cameron thought a new bridge could be built which would meet the requirements at a much less cost than would be entailed by moving the Johnson Street span.

Regarding the requirement that any bridge over Rock Bay must have an open span, it was pointed out that when the old Rock Bay bridge existed the span therein had never been opened.

A. P. Tolomy called the directors' attention to the importance of Victoria merchants getting after some of the business to be derived from the gold rush to William Lake on the P. G. E. line, and the directors thanked Mr. Tolomy and he will be assured that his suggestions will be acted upon.

Soke Service.  
The present system of motor stage transportation between Victoria and Soke will be given up and there is every reason to believe that it would be a paying proposition, if a gasoline driven passenger and freight coach were operated over the C. N. R. The special committee dealing with the matter reported to the directors.

The whole matter will again be laid before the Federal Government and the National Railway.

Memorial Avenue.  
The Memorial Avenue scheme has taken a wonderful hold on the public. General R. F. Clark reported. He suggested that a subscription be opened for the raising of funds with which to build the archway.

The Memorial Avenue Finance Committee will be enlarged and plans will be laid for raising the funds. As Seattle is prepared to raise money for the purpose it is felt that Victoria should start at once.

Prepare for Convention.  
The directors are quite confident that the annual convention of the Associated Boards of Trade of the Columbia on Wednesday, March 29, in connection with which a splendid programme has been arranged.

The directors, with C. P. W. Schwengers, J. F. Scott and the chairman of the retail group will be the official delegates from the Victoria Chamber of Commerce at the convention.

F. H. Palmer, Junior Trade Commissioner, who is here investigating trade development possibilities, briefly addressed the directors.

Smoke Nuisance.  
J. O. Cameron suggested that it would be in the interests of the City to have the City's Smoke Nuisance by-law either amended or repealed, otherwise some of the largest plants here would be put out of business.

George McGregor moved that the City Council be urged to take no action which might have the effect of crippling any industry and that any by-laws which might have such a tendency should be amended or repealed.

A letter was read from the City Clerk informing the Chamber that its request that two of the guns sent here as war trophies should be placed at the Mount Douglas end of Memorial Avenue.

The American Society for Psychical Research is Section B.

One of the reasons why more use is not made of water power for producing electricity is that often there is no site suitable for a factory near a water fall big enough to generate current.

To erect long lines of copper cable to convey the current is such a costly business that usually it is not worth the expense; and so the power provided by the fall is allowed to run to waste.

Scientists tried for a long time to find some means of sending electric power by wireless. It was a difficult problem, for the ordinary wireless transmitter sends out its current in all directions, so that most of it is wasted.

An electric street lamp gives light equally on all sides, but if you place the same lamp in the casing of a searchlight it will send out a long thin stream of light, focused on any point. For a long time no means could be found of focusing wireless in the same manner, but a way of doing it has been discovered at last.

Now a big wireless power station is working in Germany. Great towers more than a hundred feet high send out the last, and a large number of musicians was at the

## PSYCHICS GET RUSH CALL TO HELP TRAP FIREBUG SPOOKS

Aid of Scientists Sought to  
Solve Nova Scotia Mystery

New York, March 20.—Whatever it is that has been lighting fires, untrapping cats and laying untrapped hands on investigating detectives and reporters at the Haunted House of Antigonish, Nova Scotia, will shortly face the cold, stern probe of science, if the American Institute for Scientific Research, No. 44 East 23rd Street, undertakes the investigation requested in a telegram from the Halifax Herald to Dr. Walter Franklin Pierce, director of the institute.

This is the latest development in a mystery which has baffled the scientific world for years. Strange rumors through the countryside and finally stirred the authorities and the press to attempts at solution, all of which have been baffled.

Scene Isolated House.  
The Haunted House, as it is now called by general consent, stands in a remote spot in the northern part of Nova Scotia. Antigonish is 100 miles from Halifax.

For twenty years it was the home of Alexander MacDonald and his wife and their adopted daughter, Mary Ellen, and it had been the home of MacDonald's father before him.

"In 1918 strange things began to happen on the old MacDonald farm," said the late MacDonald, who died in 1918. "One evening a horse fastened in his own way when he left the stable and came back in an entirely different way when he returned. He sold the horse and bought another and the same thing happened. The barn got a bad name among the superstitious in the region."

Then trouble began in the house. Fires broke out in unexpected places and at strange times. Coming downstairs one morning to light the fire in the stove, MacDonald found children on top of the stove and looking in on him. A few minutes later he saw that a lounge in an adjoining room was on fire. He rushed to extinguish it and, coming back, found the chair on which he had been sitting ablaze.

Three young men of the neighborhood undertook to solve the mystery by passing a night in the house. They are said to have found thirty-eight separate instances of things which were different when he returned. He sold the horse and bought another and the same thing happened. The barn got a bad name among the superstitious in the region."

Ministers Returning From the  
Nelson Fight

Barrow Out to Conquer Floods  
at Sumas

Alderman Kenneth Campbell, Liberal candidate in the Nelson by-election, will win two to one in the voting on Wednesday, the Hon. John Hart, Minister of Finance, said today on his return to the Parliament Buildings.

Mr. Hart was surprised to learn from a newspaper dispatch this morning that Mr. Campbell had actually been nominated by the Conservatives as the talk there all last week was that he did not plan to go on any further than nomination day.

Mr. Campbell's attitude, Mr. Hart said, was that he entered the campaign only for the purpose of drawing out the Government on a definite announcement of its policy on the Nelson-Timber race.

Premier Oliver last week made this announcement, Mayor McHardy's candidacy is considered superior to the Nelson Conservatives, the Minister says.

Hon. W. H. Sutherland, Minister of Public Works, is in Vancouver today on his way back, and will reach Victoria tomorrow.

Hon. T. D. Pattullo, Minister of Lands, reached here this afternoon on the boat from Vancouver.

Hon. J. D. MacLennan, Provincial Secretary, and the Hon. William Sloan, Minister of Mines, will reach here about the middle of the week.

Barrow Back From Sumas.  
The Hon. E. D. Barrow, Minister of Agriculture, who returned today from Sumas where he has been for half a week inspecting the reclamation work.

Work, which was delayed by heavy frosts, has now been speeded up and three section dredges are on the job, including the King Edward, which did much of the heavy work in Victoria harbor filling in James Bay behind the Causeway before the building of the Empress Hotel.

"The forces at work are now getting ready to divert the Vedder River and this work will be carried out during the next couple of weeks," said Mr. Barrow.

"I was particularly pleased with the progress that is being made at Sumas. There is nothing whatever to be anxious about unless there are abnormal water conditions this year. We figure that everything will be in shape by the beginning of May. It is in May that the waters of the Fraser begin to flood and the peak is usually reached by the third week of June."

Mr. Barrow explained that by the time the Fraser begins to flood the higher land in the area, which is about 20,000 acres, will be fully protected. After that work will be pushed on the canal which is the Lake is 10,000 acres. Premier Oliver when he was in Ottawa last month negotiated with the Dominion Government for a nominal sum by the Provincial Government.

TO STOP TALKING

French Chamber Has Plan  
Which Many Deputies  
Frown On

Paris, March 20.—Tiresome talkers, "windbags," among the French deputies, who are common in the Chamber as in other Parliaments, may soon be awed into silence by a new device.

The device is a small, half-hour sand glass. Their fate depends on whether the Chamber backs the recommendation of the committee, which has decided in favor of limiting speeches to thirty minutes save in the cases of the author of a bill or the initiator of a resolution.

Unfortunate as it may seem, the committee has decided in favor of limiting speeches to thirty minutes save in the cases of the author of a bill or the initiator of a resolution.

### COWICHAN FISH AND GAME MEN ASSEMBLE

Want Conservation Board to Be Non-Political

(Times Correspondence.)

Duncan, March 18.—The annual meeting of the Cowichan District Fish and Game Association was held on Thursday afternoon at 2 p.m. Capt. R. E. Barkley was unanimously re-elected President and M. R. McMillan, Secretary-Treasurer.

Executive committee, Cowichan Lake, K. Gillespie, Salmon, Major Ratray; Inamichan Lake, D. L. Ashby; Somesons, Col. Morris; Chehalis, A. J. Monk; Tzouhalem, Brigadier-General Gardiner; Glenora, Col. Talbot; Cobble Hill, G. A. Cheeke; Mill Bay, C. D. Spott; Cowichan Station, W. H. Forrest; Duncan, Hugh Savage, H. L. Helen, L. Bousall, W. A. Thompson.

The Secretary read a most satisfactory report, showing the Association to be in good standing, and there will be no subscription necessary this year. A letter from Mr. Thomas, Secretary of the Game Association, was read, stating that he had been deputed to undertake to form the Island Associations into one Central Association. Vancouver has undertaken to get all the Mainland associations into line; and it was resolved that the meeting endorse the centralization of Game Associations and Mr. Thomas was wired to the Game Association in Victoria as he was attending a meeting of the Game Association there on Friday night.

Resolved having regard to the better conservation of the game of the Province, this Association recommends for the consideration of the Government that the constitution of the Game Board be non-political, with a chairman who is a known authority on the game of the Province.

It was decided to send a letter to the Hon. W. Sloan congratulating him on his lucid and straightforward statement re the depletion of the fisheries, lately given to the Federal Minister in Ottawa, and "that in the opinion of this Association the only remedy lies in Provincial control such as has recently been given to Quebec."

The meeting endorsed the resolution sent by Mr. G. A. Cheeke from the Board of Trade, Cable Hill, requesting the Cowichan Association to make a strong appeal through the local paper to the sportsmanlike feelings of the community, asking them to keep their dogs and cats under control during the game breeding season.

Resolution from Cowichan Lake endorsed to the effect that all the lake trout fry hatched at the Cowichan Lake Hatchery be put back into the lake for this year, on account of the depleted fishing there; and fishing is the main attraction in this district for tourists. Also that the present law be rigidly enforced against being put into the lake, which happens through carelessness in cutting logs, etc.

The Secretary was asked to write to the Game Conservation Board requesting them to give the local game warden permission to trap pheasants for exchange in the district to improve the breeds.

A letter from Mr. Wythe, Shawanigan Lake, was received, giving his opinion that the Game Association should be a real sportsman, and one who takes an interest in the preservation of all game, etc.

Letter from Mr. K. Gillespie was read regretting his inability to be present, but Mr. Hodson attended as delegate from the Cowichan Lake. He spoke very forcibly on the fishing as it affected his district.

A petition from the Vancouver Angling and Game Association re endorsement of A. E. Hurd's Chief Game Constable was tabled.

The meeting then adjourned.

### TWO NOMINATED IN NELSON FIGHT

Array of Politicians Take Part in Campaign

Nelson, B. C., March 20.—Mayor C. P. McHardy, Conservative, and Kenneth Campbell, Liberal, were nominated Saturday for the Nelson riding, the election to be on Wednesday next.

Thus far, the Government's side has been upheld from the platform by Premier Oliver, Hon. John Hart, Hon. T. D. Pattullo, Hon. W. H. Sutherland and Mrs. Ralph Smith, while the Opposition side has been put by J. W. Jones, W. K. Esling, J. H. Schofield and Lieut.-Colonel Fred Lister. Conservative M. P.'s, and Dr. W. O. Rose, ex-M. P. There have been four meetings in the Opera House in five days.

Hon. William Sloan and Hon. J. D. MacLean will wind up for the Liberals tonight, and W. J. Bowser will wind up for the Conservatives Tuesday.

### SAYS CUTTING OF COAL OUTPUT DISHONEST PLAN

Ottawa, March 20.—(By Canadian Press).—In a telegram sent to J. B. MacLachlan, secretary of District 26 of the U. M. W. A. of America, N.E., Hon. James Murdock, Minister of Labor, expressed strong disapproval of the "underhanded and dishonest methods of undercutting," and asked for an assurance from Mr. MacLachlan that he had not called upon the miners of Nova Scotia to cut their output in order to bring the British Empire Steel Corporation to terms.

Mr. Murdock's telegram was prompted by a news dispatch which stated that Mr. MacLachlan had called on the 12,000 miners of Nova Scotia to join him in a policy of cutting the output as the most effective method of waging war against the corporation.

### ONTARIO MURDER AND SUICIDE

Galt, Ont., March 20.—A murder and a suicide occurred here Saturday evening when Joe Veruna, aged thirty, a Russian, shot and killed Serge, aged fifty, a fellow countryman, and then turned the revolver on himself. The motive was not disclosed.

### LOWER WAGES.

Hamilton, Ont., March 20.—The Boot and Shoe Workers' Union has accepted a ten per cent cut in wages from the John McPherson Shoe Company.

### RHEUMATISM vs. T.R.C.'s

Rheumatism and similar troubles invariably yield to this T.R.C.'s (Templeton's Rheumatic Capsules) treatment. Many doctors and many hundreds of testimonials from coast to coast will confirm this truth. The hundreds of testimonials in our files show that T.R.C.'s have successfully treated Rheumatism, Lumbago, Neuritis, Sciatica and neuralgia of all kinds. But the best evidence is your own experience. If you suffer we want you to try this guaranteed non-injurious remedy at our expense. Druggists sell T.R.C.'s \$1.00 per box. For free trial write T.R.C. Co., 66 Colborne St., Toronto.

## COMMENT RESULTS OF TOUR IN INDIA

British Ministers Send Message to Prince of Wales

Prince Has Learned Indian Ideals and Problems

London, March 20.—(Canadian Press Cable).—On the eve of the departure of the Prince of Wales from India, the following telegram was sent to him by Premier Lloyd George, under date of March 16:

"On the eve of Your Royal Highness's departure from India, my colleagues and I ask leave to assure you of the admiration wherewith the people of this country have followed, stage by stage, your memorable visit. We know that by your personality and by your untiring enthusiasm, Your Royal Highness has left an ineffaceable impression upon the people of India, for you have shown wherever you have been that you have inherited from the King-Emperor the royal power of his house, not only to command allegiance, but to inspire devotion in his subjects. We trust the consciousness of this achievement may endure among the many happy recollections which must be yours to carry with you when you bid goodnight to India to-day."

Reply.

The Prince of Wales telegraphed on March 17 in reply:

"I am leaving India to-day with feelings of sincere regret and I am deeply grateful to you and the members of your Cabinet for your telegram, which has just reached me.

"During the four months of my travels in India, I have been enabled to gain at first hand some knowledge of her ideals and aspirations, and also some measure of appreciation of her difficulties. I am filled with admiration for those British and Indian alike who are entrusted with the responsible task of government and who are striving wholeheartedly in that spirit of co-operation and goodwill which alone can ensure India's well-being. From the welcome I have received, I leave India with all confidence that she will do full justice to the opportunities before her."

## EXPRESS RATE APPEAL DISMISSED

Toronto's Effort For Reduction Fails at Ottawa

Ottawa, March 20.—(Canadian Press).—Toronto's appeal against the express rates judgment of the Board of Railway Commissioners has been dismissed by the Governor-in-Council, it is officially stated. The Minister of Justice, to whom the matter was referred by the committee of the Board, stated in his report "that in my opinion, this is not a case in which the Governor-in-Council should interfere with the order of the Board. The Minister, therefore, recommends that the petition of the Corporation of the City of Toronto be dismissed."

This report was concurred in by the Cabinet committee and approved by the Governor-in-Council.

Counsel for Toronto asked that General Order No. 527 of the Board of Railway Commissioners with regard to express rates should be rescinded or, in the alternative, that the order be varied by reducing the percentage of increases therein authorized.

## COMMODITY RATES.

Ottawa, March 20.—(Canadian Press).—Further consideration of the increase of twenty per cent in commodity rates allowed to the express companies by the express rates judgment of the Board of Railway Commissioners in February, 1921, ordered by the Cabinet as the result of the appeal against the increased rates on cream made by the National Dairy Council. The Board is asked to consider the question of a reduction in the rates of cream, and also whether, in view of the fact that cream is the only one commodity affected by the twenty per cent increase in commodity rates, a general reduction in these commodity rates can be made.

## HONOR GIVEN BY PRESS GALLERY

Ottawa, March 20.—(Canadian Press).—Members of the Parliamentary Press Gallery, at their annual meeting Saturday, honored R. M. MacLeod, dean of Canadian parliamentary correspondents, who represents Reuters, Limited, in Ottawa, by electing him honorary president of the Press Gallery, to hold office during his life.

Mr. MacLeod has been a member of the Press Gallery for fifteen years, during which time he has seen forty-three sessions of Parliament.

The press representatives also voted their appreciation of the services to the gallery of H. E. M. Chisholm, of The Manitoba Free Press, the retiring president, who has held the offices of secretary, vice-president and president consecutively and who is this year a member of the Gallery executive.

Tributes to the memory of the late Major John Lewis, of The Montreal Star, a former Press Gallery member, who was killed in action at the Somme, were voiced by the older members and a photograph of the late Major Lewis is to be secured to add to those of former Gallery members which now hang in the press room of the Parliament Building.

The meeting also extended congratulations to the new Speaker of the Commons, Hon. R. Lemieux, and expressed pleasure at his elevation to the rank of "First Commoner."

Officers elected for the ensuing year:

President, T. H. Blacklock.

Vice-president, M. Grattan O'Leary.

Secretary, Claude Melanson.

Executive—T. M. Fraser, Edgar Boutet, George Hambleton, G. A. Chisholm, the retiring president, and H. E. M. Chisholm, the retiring president.

## BOMBS AND RIFLES SEIZED IN BELFAST

Nationalist Headquarters Raided by Troops

Belfast, March 20.—Crown forces Sunday raided St. Mary's Hall, the Nationalist headquarters in Belfast. They seized a large quantity of documents which were alleged to give complete information of republican activities here. St. Mary's Hall formerly was the headquarters of the "Irish Republican Army" division. A store of bombs, rifles and munitions also was seized.

The police barracks at Pomeroy, County Tyrone, were raided yesterday morning.

Raiders yesterday entered a house in Campbell Street and shot and killed the occupant, Margaret Murphy.

Two men named Harkness and Rogan, who were wounded recently, died Sunday.

A bomb was thrown during the day in the house of John Mooney, who was injured. Another bomb was exploded in Sheriff Street, but there were no casualties.

## ROADS BLOCKED.

The garrison at the Maghera barracks consisted of three members of the regular police force and eight specials, who were surprised by a large force. Previous to the attack the roads had been thoroughly blocked with trees, trenches had been cut and a bridge destroyed. Telegraph communication was also interrupted. The raiders obtained fourteen rifles.

## AUTO FATALITY IN VANCOUVER

Vancouver, March 20.—Ichitaro Nishikubo, fifty-five, of 373 Cordova Street, died in a hospital at 8.45 last night from injuries received about four hours before when knocked down by an automobile at Dunlevy Avenue and Powell Street.

C. R. Lindsay, managing director of the Lindsay Pleasure Boat, Ltd., driver of the auto, was held on bond of \$5,000 to answer a charge of manslaughter.

## LIGHT BRIGADE BUGLER DIED

Toronto, March 20.—A Liverpool cable to The Mail and Empire says: "George Richardson, who blew the charge when the Light Brigade rode up to the guns at Balacava, died here Saturday. It is believed that he is the last of the 'Gallant Six Hundred.' He possessed sixteen medals given for valor."

## Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmondson, Bates & Co., Ltd., Toronto.

## NEW BISHOP WAS ENTHRONED

Interesting Service in Prince Albert, Sask., Yesterday

Prince Albert, Sask., March 20.—(Canadian Press).—The Right Rev. Dr. George Exton Lloyd, Bishop of Saskatchewan, was enthroned in St. Albans Pro-Cathedral in the See city of the diocese yesterday morning in the presence of a congregation which packed the cathedral to the limit.

The historic ritual of the Anglican Church was observed in detail, the Chancellor of the diocese, Judge A. E. Doak, appearing at the west door of the cathedral and after three knocks requesting admission for the Bishop for his installation. In response to this request the Archdeacon of Saskatchewan, the Very Rev. J. Mackay, accompanied by the Rev. Canon J. Strong and E. J. Smith, proceeded to the door, where the Bishop presented the mandate of the Metropolitan for his installation.

A procession was formed to the chancel steps, where, after the ritual set for this special ceremony, the new Bishop made his vow to respect, maintain and defend to the best of his power the rights, privileges and liberties of the church and diocese and to rule therein with truth, justice and charity, not lording it over God's heritage but showing himself in all things an example to the flock.

In the Chair.

After this, the Archdeacon conducted the Bishop to his Episcopal chair and enthroned him, giving him all possession, authority and jurisdiction which pertain to the see of Saskatchewan.

The Bishop then preached a sermon. His message to the church was one of optimism. From every part of the universe the cry ascended from nations and individuals, "How shall we do?" and the church should offer up a universal catholic prayer, "Lord, open their eyes that they may see." The Bishop said that he stood firm in this crisis and take comfort from the words of the Prophet Isaiah.

The Bishop of Keewatin, the Right Rev. Dr. A. Dewdney, formerly Archdeacon here, was present and took part in the service.

This evening a public complimentary supper is to be tendered the Bishop and Mrs. Lloyd in the Masonic Temple.

## PREACHER URGES HELP FOR ULSTER

Rev. Dr. William Patterson, Toronto, Makes Appeal

Toronto, March 20.—An appeal for help for Ulster was made by Rev. Dr. William Patterson, pastor of Cooke's Presbyterian Church, in a sermon last night on the subject "St. Patrick's Day." His appeal was to Protestants in all parts of the British Empire and in the United States, but particularly to Scotsmen in all parts of the world. He said the Scottish people seemed to have forgotten that several centuries ago ten thousand men went from Scotland to aid the people of Ulster. They founded the Presbyterian Church in Ulster. Ulstermen were their kith and kin.

"If blood is thicker than water—and that is true—then Scotsmen in Scotland and the United States should help their kinsmen in Ireland," he asserted. "If the worst comes to the worst," he said, "then Ulster would call for help from Protestants in Scotland and England, from Protestants in the Dominions and in the United States. There is a call for help from Ulster to-day. Let us give it," he pleaded.

## LIBERAL CHOSEN FOR BY-ELECTION IN QUEBEC

Vaudreuil, Que., March 20.—Rodolphe Ouellet, notary of the village of St. Polycarpe, was chosen Liberal standard-bearer in the forthcoming by-election for the seat of Vaudreuil-Soulanges, rendered vacant by the elevation of the former member, Gustave Boyer, to the Senate, at a convention held here Saturday. Nomination day is Tuesday and the election a week later.

## GIRL IN ONTARIO KILLED HERSELF

Kitchener, Ont., March 20.—The body of Miss Jean Moore, missing from her home here since March 15, was found yesterday afternoon under the Grand River Railway Bridge near the Freeport Sanitarium. She is believed to have committed suicide.

## SALVATION ARMY AUDITOR-GENERAL VISITING CANADA

St. John, N. B., March 20.—A traveller who has covered over 600,000 miles in his career arrived here yesterday on the steamship Matagorda in the person of Commander A. Bates, Auditor-General for the Salvation Army. He is in Canada on a tour of inspection and will visit Montreal, Toronto and Winnipeg. Commander Bates was in charge of a party of thirty-nine, many of whom are immigrants.

## SIX KILLED WHEN CAR STRUCK AUTO

Detroit, Mich., March 20.—Edward H. Ives, assistant superintendent of the Detroit United Lines, of Detroit, his wife, three children and a girl guest, were killed when their automobile skidded into the path of a Detroit United Lines interurban car near Rochester, Mich., 30 miles north of here, Sunday.

## AGED MAN KILLED BY AUTOMOBILE

Winnipeg, March 20.—John Thompson, aged seventy-five, was knocked down and fatally injured by an automobile when he was driving on the main highway here Saturday night. The latter is under arrest. Thompson died in a hospital.

It was the third fatal automobile accident affecting pedestrians here since Christmas.

**DUNLOP TIRES**  
 Ensure HIGH-MILEAGE—DOUBLE-LIFE

Q Dunlop leadership in Tiredom is most manifest. Mileage records almost unbelievable are piling up all over Canada.

Q The Special Mileage-Making Process, which is the basis of our Fabric Tires, has worked wonders.

Q Perfect shape and balance, stronger side walls to resist curb and rut abuse, special wear-resisting anti-skid tread, etc., add the last touch to popularizing to the full a tire that has long stood in high favor.

Q Dunlop "Cords" made good from their inception.

Q These tires taught motorists to expect more resiliency, greater air space, larger amount of material, better carrying capacity—in short, bigger mileage; and that is the standard by which all Cord Tires are judged to-day.

**Dunlop Tire & Rubber Goods Co., Limited**  
 Head Office and Factories: TORONTO. Branches in Leading Cities.

## QUEBEC HAS LABOR UNION PROBLEM

International Unions Object to Premier's Attitude

Ottawa, March 20.—If Premier Taschereau, of Quebec, brings in legislation against international unionism, action will be taken by Canadian members of the international unions, according to President Tom Moore, of the Trades and Labor Congress of Canada.

Interviewed here, Mr. Moore said: "The resolution introduced in the Quebec Legislature regarding incorporation of trades unions is not entirely new. The Employers' Association of Manitoba has had one ready for the Manitoba Legislature for some time, but owing to recent happenings there it has not been presented. We are well aware of the influence behind these resolutions and have been carefully watching the moves that are being made. If any legislation is introduced against international unions, the 'international' will be heard from."

Vancouver arrivals at the Dominion Hotel include Rev. N. A. Kline, R. S. Richards, W. Batchelor, S. Wilson, H. G. Birch, and Mrs. Bird, A. C. Roberts and Mrs. Roberts, H. E. Goulbourne, Chas. McFarlane, Geo. D. Levy and Mrs. Levy, J. Todd.

## IN WOMAN'S DOMAIN

### CONCERT CANCELLED

Owing to the sudden illness of Mrs. Gertrude Huntley Green, the concert of "chamber music" to be given at the Empress Hotel on Wednesday evening under the auspices of the Ladies' Musical Club has been cancelled.

### ANNUAL MEETING OF NEW WESTMINSTER MUNICIPAL CHAPTER

New Westminster, March 20.—At the annual meeting of the Municipal Chapter, I. O. D. E., held on Wednesday afternoon in the Armories, the sum of \$250 was voted towards the National I. O. D. E. War Memorial Fund. This, with all previous donations, brings New Westminster's contribution to the fund up to \$2,000. Illuminating reports reviewing the activities of the year and showing clearly the growing importance of the work of the I. O. D. E. were presented by the nine primary chapters of the Municipal Chapter. The reports submitted were the Col. Moody Chapter, which was read by Mrs. C. G. Major; Col. Winsby Chapter, by Miss D. McBride; Edwin Eastman Chapter, by Mrs. A. E. Butler; Wemyss Chapter, by Miss N. Briggs; 104th Chapter, by Miss Hallam; Governor Seymour Chapter, by Mrs. H. L. Jones; C. E. Seymour Chapter, by Mrs. C. D. Peele; the Jack Tar Chapter, by Jean McKay, and the Donald McLean Chapter of Port Couillard, read by Miss D. McBride.

Miss D. McBride, secretary, reported that during the year six executive and six municipal meetings were held. She also reported that during the year three chapters had disbanded, the Sgt. Wm. Day, Admiral Sir Robert B. Smith and the Col. Winsby Chapters.

The treasurer's report, submitted by Mrs. J. Jardine, showed the total receipts for the year to be \$2,753.15 and the total disbursements \$2,897.31.

Mrs. Clute, regent, pointed out to the meeting the importance of having an official representative of the primary chapters present at the Municipal meetings, which are held four times a year, in order to have the questions coming up at the quarterly members of the primary chapters.

## THE SANDMAN STORY FOR TONIGHT

THE MAGIC CAT'S EYE  
Part III.

That night the King and Queen Rigga were eating their supper on a moonlit balcony overlooking the royal gardens, and the wicked Rigga was holding the mind of the King from the necklace by her wonderful beauty, for she used that morning more than usual of the magic liquid. Suddenly at the palace gates a disturbance was heard. The guards were trying to keep some one from entering the high-voiced above the guards could be heard, "I tell you I must see the King. Some danger is threatening his house."

"Some impudent beggar, no doubt," said the Queen. "Command the servants, your Highness, to be firm and not let her enter."

"Our royal family have never turned a beggar away empty handed," replied the King, looking toward the gates. Then he heard a high pitched voice again, "Tell you King, it said, 'that the cat's eye has told me to come and warn him. See, I have the charmed necklace. And about the heads of the servants in the moonlight the King saw the glitter of the gold chain."

Quickly buying into the garden, the King commanded that the guards let the woman enter and from the balcony where she was watching with terror in her eyes the Queen saw the old witch to whom she had given the necklace bend low before the King. "Your house is threatened with trouble. Some treachery is at work

## POOR HATCHING SEASON FEARED

Due in part to the unseasonably cold weather experienced during this month and to the fact that many eggs are chilled through insufficient care and attention being given them, J. R. Terry, of the Department of Agriculture anticipates more than the usual number of complaints of poor hatching this season.

The atmospheric conditions prevailing during the past Winter approximate those of the Winter of 1916 and the following Spring when the department was flooded with complaints of poor hatching results.

The department has a single leaf circular bulletin entitled "Hints on Egg Hatching" which will be sent free of charge to those applying to the Chief Clerk, Department of Agriculture, Victoria, B. C.

Mr. Terry returned this week from Cortes Island where meetings were recently held. He reports that the northbound steamers calling at the various camps were loaded with loggers and others engaged in that industry, due to the fact that many of the camps are opening up again. The poultry breeders on the small islands report a better demand for their eggs owing to the opening up of the camps.

Mr. Terry claims that owing to the low prices of eggs at the present time the householder should not fail to take advantage of this by purchasing eggs for preserving purposes right away as March and April eggs are better for keeping than those produced in the warmer weather.

**MRS. B. T. WEDD  
FEELS HAPPY AS  
A GIRL AGAIN**

All Her Former Health and Buoyancy of Spirit Has Returned Since Taking Tanlac—Gains 21 Pounds

"When I started taking Tanlac I only weighed ninety-five pounds. It simply was astonishing how quickly I began to regain my weight and also my strength. I now weigh one hundred and sixteen pounds, and never felt better in my life," said Mrs. B. T. Wedd, 1230 Thirteenth Ave., East, Vancouver, B.C.

"From the time I had the flu, about a year ago, until I began taking Tanlac, I hadn't known a well day. I had no appetite and nothing agreed with me. I was almost a nervous wreck, too, and I fell off in weight until I was a mere shadow of my former self. I not only gained twenty-one pounds in weight by taking Tanlac, but it has toned up my stomach so that I eat anything and everything I want, and nothing ever seems to disagree with me. My nerves are calm and steady now, too, and I get up in the morning feeling as happy as I did when a girl. My gratitude to Tanlac is unbounded."

Tanlac is sold in Victoria by The Owl Drug Company and all other Druggists.

## ONTARIO TO HAVE REDISTRIBUTION

But No Bill at Present Session of Legislature

Toronto, March 20.—Provincial redistribution will not be an item of Government business to be dealt with at the present session of the Ontario Legislature. In all probability, however, it will be dealt with at the next session—the last at which Premier Drury and his colleagues may occupy the treasury benches without a new mandate from the people.

Premier Drury readily admits the existing discrepancies as to representation between rural and urban ridings, but when asked when the Government expected to deal with the matter in the light of the new census he said: "Not this session. The Government, however, realizes its responsibility in the matter and will not shirk its duty."

### AUTO ACCIDENT.

Greensborough, N.C., March 20.—William Wiles, automobile driver, probably was fatally injured yesterday when a machine he was driving turned turtle while going at a speed of sixty miles an hour on a half-mile dirt track here.

## Sang at Capitol Last Evening

MISS WINNIFRED MEADOWS, OF SEATTLE

## DANCING SCHOOLS BECOME POPULAR

Los Angeles Attaining Fame in This Regard, as Well as Motion Pictures

Los Angeles, March 20.—New York has long been the theatrical centre of the United States.

But for two reasons there is now a constant procession westward of actors and actresses.

One reason is motion pictures; the other is dancing.

Almost everyone knows that Los Angeles is the centre of the greatest artistic industry in the world—motion picture production.

Few persons yet realize that Los Angeles is rapidly becoming the centre of another great art—dancing.

In Los Angeles are the schools of Ernest Belcher, greatest instructor of the ballet in America; Ruth St. Denis and Ted Shawn, two of the best known dancers in the world; Norma Gould, noted exponent of interpretative dancing; Theodore Kosloff, Mme. Orrea-Waska, Adeline Leone McAdam, and many others.

All the way from the Atlantic came Lenore Ulric, Ina Claire and Lillian and Dorothy Gish to study under Ruth St. Denis.

To the Celeste school of Belcher came Mildred Harris, Carol Dempster, Marie Prevost, Phyllis Haver, Gladys Walton, Billie Rhodes, "Peaches" Jackson, Margaret Livingston, Jack Donovan and Ramon Samoniengos.

To Kosloff come Betty Compson, May McAvoy, Bebe Daniels, Lila Lee and Agnes Ayres.

In Adeline McAdam's school is Janeski Robenoff, formerly of the Imperial dancers of Moscow. He is now appearing in a picture for the Educational Film Company called "The Art of Toe and Classical Dancing."

Shannon Day and Jacqueline Logan are other dancers—from the Follies, however—who now are screen players. Dorothy Perdue, Belcher dancer, is playing leading roles in pictures.

### LUMBERMAN HERE

J. R. Monaghan Visits From New Liskeard, Ontario.

A well known lumberman from New Liskeard, Ontario, has been a guest at the Strathcona Hotel in the person of J. R. Monaghan. Mr. Monaghan has interests at Nootka, and expects to return in the Summer, when he will visit the property. He foreclosed to The Times that some development might follow later.

## 'VARSITY STUDENTS ELECT OFFICERS

Victorian Defeated for Highest Offices; Other Elections

Vancouver, March 20.—(Special to The Times).—Reginald Hodson, of Victoria, was defeated in the recent elections at the British Columbia University for the Presidency of the Alma Mater Society, the highest honor that the University students can bestow upon one of their number.

The election was keenly contested, 800 votes being polled. "Ab" Richards, a student in the Agriculture classes, was elected by a majority of 87. He has a brilliant record to his credit both as a student and in the various branches of outside University. He served this year on the Students' Council as President of the Literary and Science Department, and last year he was Debates Manager and took a leading part in the Spring play.

Elections for Secretary of the Alma Mater Society will take place next week. Dorothy Walsh, of Arts '23 and a former Victoria girl, and T. O. Guernsey, of Science '23, are the candidates. The office of treasurer of the Alma Mater Society will be filled by Robert Hunter, who was elected by the students. H. M. Cassidy has been appointed editor-in-chief of publications for the next year.

### Hold Annual Concert.

The University Musical Society held its Spring concert this week in the ballroom of the Vancouver Hotel. The playing of the orchestra was particularly enjoyed by the large audience and the final chorus "For Empire and for King" was repeated by request.

The inter-class sports are nearing an end now. The standing of the various classes in the soccer competition, is attracting most attention is: Science '23, 8 1-2 points; Agriculture '23, 7; Science '24, 6. Close competition in the soccer contests is keeping the championship and the consequent possession of the Lieutenant-Governor's cup in doubt up to the last minute.

## DEFENCE COUNSEL'S WITHDRAWAL MARKS NEW SLANDER SUIT

(Continued from page 1.)

**Secure Jury.**  
Before a jury could be selected both sides challenged all the jurors they could without specific reasons. Finally the challenge was upheld.

Samuel MacLure, former Robert Hamilton Port, Harold Maddison Lewis, Frank L. Neale, S. E. Smalley, Percy Fox, William Aird, and Hew Patterson.

### Tries To Quash Jury.

Before the case opened this morning Mr. Clearhugh asked the Judge to quash the present Grand Jury list on the ground that out of the 100 names contained in the list four had been "irregularly struck out."

**Quebec Case.**  
"For this reason we had the right to ballot 100 names instead of 96," Mr. Clearhugh stated, as he quoted a Quebec case to support his claim.

Mr. Higgins replied that the Quebec case quoted by Mr. Clearhugh had been upset by the Privy Council and the master was then dropped. Mr. Clearhugh explained that he had raised this point in order to reserve his rights in this connection in case of an appeal.

**Mr. Higgins Outlines Case.**  
"We will try to prove that the defendant had a personal spite towards these detectives, that he had a criminal record and started from the first."

### Stops Dandruff—A Sure Treatment

**KOREEN**

On Sale at All Druggists

to 'get' them," said Mr. Higgins, outlining his case to the jury. "We will show further that he had personal spite and animosity towards this particular plaintiff."

Mr. North's version of the Y. W. C. A. incident, as a result of which he was fined for being drunk, was quoted by Mr. Higgins as being slanderous as follows:

"What happened? Perdue, Macdonald and Carlow forced our chiefs hand, and made him lay a charge, they were so anxious to get me before the limelight of the people."

"They had to get me somehow," Mr. North was quoted as adding.

Mr. North was also credited with this statement:

**Heather Day.**  
"Then you know you have heard the story of Heather Day. They came to a Chinese merchant to subscribe—you subscribe to Heather Day. They say: 'What is the matter with you—last week Macdonalds day, this week Heather Day!'"

This passage from Mr. North's speech also was quoted by the plaintiff.

"Houses of prostitution—we know they are all over town. We know that, at least I do, if the detective department does not. I don't think they do their duty, and if they don't they ought to. They are not doing their duty—are they getting greased or not? I am not saying they are but it looks funny. You see them so in there, you see them come out, but you never hear of a raid. What do they go in for?"

By these statements, it was claimed, Mr. North had habitually neglected his duties and grossly misconducted himself in his office as said detective and had committed various indictable offences.

Miss Mabel Unwin, deputy court stenographer, who made a report of Mr. North's Royal Victoria Theatre speech, was called by Mr. Higgins to swear that the defendant had made the alleged slanderous statements attributed to him. Miss Unwin read from her shorthand notes the words complained of by the plaintiffs.

**The Pantages Meeting.**  
When Mr. Higgins attempted to introduce the speech made by Mr. North at the Pantages Theatre a few days after the Royal Victoria Theatre meeting, Mr. Clearhugh promptly objected on the ground that this speech was not named in the plaintiff's statement of claim. The Judge sustained Mr. Clearhugh's objection, and Mr. Higgins did not press the point further.

Cross-examined by Mr. Clearhugh, Miss Unwin said she had been paid \$45 for her work by Detective Sergeant Carlow.

Mr. Higgins was able to introduce the Pantages meeting, however, by reading at length evidence taken at the examination for discovery some weeks ago. In this Mr. North is quoted as saying in the Pantages speech that former Detective Inspector Perdue had influenced Chief Fry in laying the drunkenness charge against him. North is also quoted as saying that the detectives had been "laying traps for me and trying to get me in every shape and form even in the city of Seattle."

In this evidence North admits that he said that the Chief had been forced to lay the drunkenness charge, and surmised that it was the detectives who had forced the Chief's hand. North adds that the case would never have come to an issue unless the Chief's hand had been forced. In this evidence North stoutly protests that he was not drunk during the Y. W. C. A. incident, but had pleaded guilty to a

## SCHOOL DAYS By DWIG

drunkenness charge because he was "sick and tired" of fighting, and did not wish to bring a member of the police force into court for fear this policeman would suffer as a result. He says that he can now bring evidence to show that he was sober.

### Traps For Commissioners.

Questioned further in the discovery evidence North declared that the "whole bunch" in the City Detective Department had laid traps for him and had tried to "get" him, even including Sergeant O'Leary and "the other two" detectives.

Pressed to admit that, in relating the "Heather Day" story, North, in the discovery evidence, says "anybody can take that anyway they like almost." He adds that he has heard from "a thousand and one people" that detectives received money illicitly in Chinatown, but admits that he does not know the truth of these statements. "I cannot say that any of the detectives, not alone Macdonald, got money in Chinatown," he says.

In this evidence Mr. Higgins presses North to deny or admit that he had inferred in his speech that the detectives had received money illicitly from Chinatown. Asked to say that he did not intend to make this inference, Mr. North replies that he would like to say that. He explains that he considers that the detectives are not handling Chinatown properly but that he did not say the detectives were corrupt.

North admits that he cannot name any particular house of prostitution, into which detectives had gone.

**Considered It A Duty.**  
North says that no investigation was held into the detectives' conduct but adds that he voted to discharge the detectives because he considered it his duty to do so and had been elected to "clean up."

Further on in the evidence Mr. Higgins again asks North whether he had inferred that the detectives were corrupt. Mr. North replies flatly that he had not made this inference.

**The North Crusade.**  
To show that North had started his "crusade" against the detectives because he had fallen foul of the detective department frequently, and because he had been prosecuted so often by the detectives, Mr. Higgins, in this discovery evidence, endeavors to disclose North's "criminal record." North admits that he was charged with indecent exposure in

the Imperial Hotel in Victoria in 1903 but states that this charge against him was dismissed. He says that he doesn't remember the details of this case and admits further on that he was fined several times, for drunkenness. He says that police officers filed in prosecuting him for drunkenness.

### Farther Afield.

When Mr. Higgins attempted to read discovery evidence concerning North's record in Vancouver, Mr. Clearhugh objected that this had nothing to do with Victoria detectives.

"The objection is sustained," rapped the judge.

Mr. Clearhugh also objected to the introduction of evidence about the indecent exposure case but the judge allowed Mr. Higgins to read it on the ground that it was being introduced to prove malice on the part of North.

North denies that he had associated with Warren Carlisle, former proprietor of the Manitoba Hotel and alleged underworld leader.

Arthur Wilcox, hat manufacturer, was called by Mr. Higgins to swear that he had heard North's Royal Victoria Theatre speech. Mr. Higgins explains that he considers that the detectives are not handling Chinatown properly but that he did not say the detectives were corrupt.

North admits that he cannot name any particular house of prostitution, into which detectives had gone.

**Considered It A Duty.**  
North says that no investigation was held into the detectives' conduct but adds that he voted to discharge the detectives because he considered it his duty to do so and had been elected to "clean up."

Further on in the evidence Mr. Higgins again asks North whether he had inferred that the detectives were corrupt. Mr. North replies flatly that he had not made this inference.

**The North Crusade.**  
To show that North had started his "crusade" against the detectives because he had fallen foul of the detective department frequently, and because he had been prosecuted so often by the detectives, Mr. Higgins, in this discovery evidence, endeavors to disclose North's "criminal record." North admits that he was charged with indecent exposure in

"I wonder why Alice has remained a miss."

"Because she failed to make a hit, I presume."—Boston Transcript.

## S.S. FAIRHAVEN ABANDONED OFF MEXICAN COAST

Crew of Waterlogged Steam-  
schooner Picked Up By  
Katrina Luckenbach

San Francisco, March 20.—Abandonment of the San Francisco bound steam schooner Fairhaven, waterlogged off the southwestern coast of Mexico near Manzanillo, State of Colima, was described in a radio message received here today by the marine department of the Chamber of Commerce. The message said the crew had been picked up by the steamship Katrina Luckenbach, which landed at Manzanillo. The cause of the accident was not given. The Fairhaven, owned by J. E. Davenport, of San Francisco, was on her way north from Puntia Arenas, Costa Rica. She became waterlogged, according to the wireless, at latitude 19.40 north, longitude 106.50 west. The Fairhaven had a tonnage of 1,087. She was built in 1905.

## ADMIRAL FARRAGUT ENTERS DOCK HERE

Wallace Firm Completes Re-  
pairs to Vessel Which Comes  
For Overhaul

The Admiral Line steamship Ad-  
miral Farragut arrived at Esquimalt  
this morning from Vancouver to  
enter drydock for cleaning and paint-  
ing before being turned back to her  
owners.

The Admiral Farragut, for several  
weeks past, has been undergoing re-  
pairs at the North Vancouver plant  
of the Wallace Shipbuilding & En-  
gineering Company, Ltd. It was the  
Admiral Farragut which made a noc-  
turnal trip in Burrard Inlet and later  
beached by Captain Cates, who put  
in a claim for salvage.

The ship was hauled out on the  
Wallace marine ways and during the  
night the chain holding the cradle in  
position broke and the vessel took a  
plunge that was not scheduled and  
went adrift with her sea-cocks open.  
She was settling in the water and  
would probably have sunk had she  
not been beached.

The Admiral Farragut has com-  
pleted repairs and came down from  
Vancouver under her own steam.  
After leaving drydock here the ves-  
sel will be turned back to the Ad-  
miral Line at Seattle.

## NEW LINER REGINA HAS LEFT LIVERPOOL FOR CANADIAN PORTS

White Star-Dominion Ship  
Sailed From Mersey Thurs-  
day For Halifax

The White Star-Dominion Line  
triple-screw steamship Regina, 16,-  
500 tons, which has been in the hands  
of her builders, Messrs. Harland &  
Wolff, Ltd., of Belfast, for recondi-  
tioning after war service, sailed from  
Liverpool March 16 for Halifax,  
N. S., and Portland, Me.

She will sail from Halifax on her  
first return voyage April 1.

The Regina was under construction  
during the war as the first of a new  
class of passenger steamers then  
initiated in accordance with the  
company's policy to develop their  
fleet in anticipation of the require-  
ments of the future. As with other  
vessels of this line, however, the  
Regina's construction for purely  
mercantile purposes was arrested  
and her career diverted in the  
maelstrom of war. She was equipped  
for carrying large numbers of troops  
and stores, and during the period of  
service under the Government, the  
Regina did excellent work. This ac-  
complished, the vessel was sent back  
to Belfast to be completed in ac-  
cordance with her original design.  
The work of reconversion has been of  
very large extent.

She will sail on April 29 from  
Liverpool to Quebec and Montreal in  
which service she will operate  
throughout the St. Lawrence season.  
The Regina is 600 ft. 9 in. by 67 ft.  
6 in. by 45 ft. 6 in. and has accom-  
modation for about 630 cabin and  
1,825 third-class passengers.

The Regina should prove a valuable  
and popular acquisition to the White  
Star-Dominion Line's fleet.

## NEW SHIP HAD NOVEL RECEPTION ON ARRIVAL HERE

S.S. Ruth Alexander Noisily  
Greeted at Docks by Liner  
Bay State

S. S. Ruth Alexander was accorded  
a novel welcome on her arrival here  
Saturday evening en route to Seattle  
to take up her regular sailings in the  
California service.

As Capt. N. E. Cousins piloted his  
new command into port, the Ruth  
Alexander was greeted by a siren  
disturbance emanating from the en-  
gine room of the trans-Pacific liner  
Bay State, which also dipped her flag  
in honor of the newest addition to the  
Admiral fleet.

The novelty of the occasion was  
the fact of the new ship being wel-  
comed by another American ship of  
the same fleet at a Canadian port.  
The liner Bay State, Capt. Thomas  
Quinn, reached port about an hour  
prior to the arrival of the Ruth Alex-  
ander, being outbound from Seattle to  
the Far East.

Officials Here.  
A large number of Admiral Line  
officials and others were over here to  
meet the Ruth Alexander. Among  
those at the wharf were: Capt. Mar-  
tin F. Tarpey, formerly commander of  
the S. S. Bay State, and newly  
appointed port captain for the Ad-  
miral Line at San Francisco; Capt.  
William Fisher, supervising United  
States steamboat inspector for the  
North Pacific district; Capt. Jack  
Burns, pilot for the Admiral Line,  
and others from Seattle, all of whom  
came over from the Sound port by  
the liner Bay State.

A. F. Haines, vice-president and  
general manager of the Admiral  
Line; E. G. McMicken, general pas-  
senger agent, Admiral Line, and  
Capt. R. C. Brennan, port captain for  
the company at Seattle, arrived here  
by the Ruth Alexander from San  
Francisco. All were highly pleased  
with the new ship and her splendid  
appointments.  
Capt. N. E. Cousins, formerly com-  
mander of the steamship President,  
had nothing but the highest of praise

## Along the Waterfront

SHIPPING NEWS FROM DAY TO DAY

S. S. MONTEAGLE.

for his new command. Capt. Cousins  
has been with the Ruth Alexander  
ever since she was placed in com-  
mission at New York.

Former German.

The Ruth Alexander was originally  
the S. S. Sierra Cordoba, built at  
Stettin, Germany, for operation by  
the North German Lloyd between  
German ports and South America.  
She was on her maiden voyage when  
war broke out and was interned at  
Callao. The Peruvian Government  
operated her for a time as the S. S.  
Callao, and after the termination of  
the war the ship was assigned to the  
United States Shipping Board, with  
whom the Admiral Line subsequently  
opened negotiations which resulted  
in her purchase.

The Ruth Alexander is a larger  
vessel than the average coastwise  
liner, being of 4,806 net tons and  
measuring 455 feet in length. She is  
propelled by twin-screw triple-ex-  
pansion reciprocating engines and is  
capable of a sea speed of 15 knots.  
The ship has accommodation for  
225 first class passengers, which, Ad-  
miral Line officials state, will be in-  
creased to 300.  
The new liner will alternate with  
the S. S. President in a weekly ser-

Francisco and Wilmington.

## MASTER MARINER PASSES AWAY

Capt. William E. George Died  
on Saturday at Advance  
Age

Capt. William E. George, one of  
Victoria's veteran master mariners,  
passed away at his residence, 217  
Quebec Street, on Saturday.

The late Captain George, who was  
88 years of age, came out to Victoria  
44 years ago. He was a native of  
London, England. The body is re-  
posing at the B. C. Funeral Chapel,  
from where the funeral will take place  
at 2.30 o'clock to-morrow afternoon.  
Archdeacon Sweet officiating. In-  
terment will take place in Ross Bay  
cemetery.

## SUBMIT FORMULA TO YOUR DOCTOR

There's No Substitute For  
Grip-Fix—It Relieves  
Colds and Checks Influenza

Ask your family physician what he  
recommends for a cold. He will tell  
you that most doctors use the same  
standard formula that serves to re-  
duce fever and the inflammation that  
goes with this disagreeable ailment.  
He will perhaps tell you that this  
formula contains all or some of the  
following drugs: Phenacetin, Quin-  
ine, Salicyl, Caffein Citrate, Caseara  
and Camphor Monobromate. Then  
show him a box of Grip-Fix capsules  
with the formula plainly printed on  
the label. Ask him what he thinks  
of it.

He will tell you that Grip-Fix is a  
reliable, honest remedy and in ordi-  
nary cases should knock a cold in one  
night. That's what your own doctor  
will tell you. Ask him and see.

Grip-Fix is prepared from the pre-  
scription of a seasoned medical prac-  
titioner. It has been working won-  
ders in the treatment of colds for  
years. No one needs to have a cold  
long. Just walk into any drug store,  
ask for "Grip-Fix" and you can say  
good-bye to your cold. Grip-Fix sells  
at 45 cents a box. On sale at all drug  
stores. Vancouver Drug Co., Ltd.,  
special agent.

## SCHOONER JESSIE HAS CHANGED HANDS

Power Craft, formerly in Seal-  
ing Trade, Sold by Andy  
Bechtel

Another of the fast disappearing  
fleet of former sealing vessels has  
changed hands.

Andy Bechtel this week-end dis-  
posed of the power-schooner Jessie,  
a craft well-known in the sealing  
trade, the deal going through and be-  
ing registered in the name of S. Yew  
Lee, who, it is understood, purchased  
the vessel for Chinese cannery inter-  
ests in Vancouver. The craft, it is  
said, will be operated in the fishing  
business.

The deal was put through on Sat-  
urday by Walter Adams, acting for  
Andy Bechtel, the owner.

The Jessie is a 11-ton schooner,  
equipped with an 110 horse-power  
Frisco-Standard engine.

ing how can make such a change in  
things?—Wilmington News-Journal.

## NEW RATE WILL INDUCE TRAVEL ACROSS PACIFIC

Through Passenger Rate of  
\$620.50 From Orient to  
Europe Announced

Through passenger rate of \$620.50  
from the Far East to Europe via  
trans-Pacific steamships and Cana-  
dian and American continental rail-  
roads has been established effective  
April 1, thus putting Canadian and  
American lines on a parity with the  
Suez Canal route for passenger traf-  
fic.

Lines Participating.

The trans-Pacific lines which have  
established the new through passen-  
ger rate in connection with the rail-  
roads on this continent and the trans-  
Atlantic steamship lines, are the Cana-  
dian Pacific Steamships, Ltd., the  
Admiral Line, the Pacific Mail Steam-  
ship Company, the China Mail Steam-  
ship Company and the Toyo Kisen  
Kaisha.

Stopover privileges will enable  
Oriental-European tourists to visit  
points of interest in Canada and the  
United States en route.

Divert Travel.

Steamship officials maintain that  
the establishment of the new rate  
from the Orient to Europe on the  
basis of the rates applying to the  
Suez route, will have the effect of  
diverting a great deal of passenger  
traffic to the Pacific and Atlantic  
route which hitherto has been routed  
via Suez.

## NEW OFFICERS ON LINER BAY STATE

Changes in Personnel of the  
Bridge and Engineer Room Staff  
of Admiral Ship

With the transfer of Capt. Thomas  
P. Quinn to the Admiral Line steam-  
ship Bay State, succeeding Capt.  
Martin F. Tarpey, quite a shake-up  
was noticeable in the personnel of  
the officer-staff aboard the Bay  
State when she cleared from this  
port on Saturday, evening for the  
Orient.

Capt. Quinn was transferred from  
the freighter Pomona to take the  
place of Capt. Tarpey, the new port  
captain of the Admiral Line at San  
Francisco.

Charles Gately went out as first  
officer of the Bay State, succeeding  
F. S. Nichols, assigned to the  
Pomona as master. J. J. Sullivan,  
chief engineer of the Bay State, who  
has resigned from the service, left  
the ship at Seattle on the completion  
of her maiden round voyage. The  
Bay State, on leaving here Saturday,  
had Edward C. Lacey in charge of  
the engine-room. For several years  
Mr. Lacey has been associated with  
the engineering staff of the Seattle  
district of the United States Ship-  
ping Board.

He is the son of Charles C. Lacey,  
one of the most prominent figures in  
Northwest maritime circles.  
The elder Lacey came to the coast  
over thirty years ago as a marine  
engineer in the service of the old  
Pacific Coast Steamship Company.  
Later he became port engineer at  
Seattle for the Pacific Coast Steam-  
ship Company, and when James J.  
Hill decided to build the steamships  
Minnesota and Dakota, it was  
Charles C. Lacey, father of the Bay  
State's engineer, who played a  
prominent part in the designing of  
those ships.

## LEVER BROTHERS LIMITED TORONTO, CANADA

CABLE ADDRESS  
"SUNLIGHT, TORONTO"

TORONTO, December 14th, 1921.

Manager, Advertising Promotion Dept.,  
Canadian Daily Newspapers Assoc'n,  
902 Excelsior Life Bldg.,  
TORONTO.

Dear Sir:—

Our faith in the power of publicity in Canada, af-  
ter a good many years' experience, is best exemplified in the  
fact that we have used the principal daily and weekly newspapers  
throughout the Dominion, from coast to coast, for the advertis-  
ing and general publicity of our various products to a far great-  
er extent than any other vehicle of advertising. The results can  
best be illustrated by the position that LUX attains at present  
by its continual use in general households throughout Canada, to  
a far greater extent than any other article of a similar nature.  
LUX is now a general household word, and when we inform you that  
the greater part of our advertising expenditure, year by year,  
has been in the newspapers, that is the best answer as to the  
suitability of the press in Canada as one of the best means of  
advertising any household or other commodity.

Canadians are great newspaper readers, whether they  
live in the city or on the farm, and as the latter have more time,  
especially during the winter months, to read and peruse, not only  
the news items but also the advertisements, to a far greater ex-  
tent than those in the city, it stands to reason that advertise-  
ments generally get read by a section of our people who, after  
all, are one of the greatest economic factors in the prosperity  
of the Dominion, viz., the farming class, who produce the fruits  
of the soil.

Yours faithfully,  
LEVER BROTHERS LIMITED.

W.M.W.D.  
Deputy Director & Advertising Mgr.

Lever Brothers Limited, are among the great pioneer advertisers of the world,  
and their products are advertised and sold in almost every country. Their expe-  
rience is surely a guide and stimulant to all Canadian Advertisers.

## NEWS IN BRIEF

**British Israel Association.**—The regular meeting of the British Israel Association will be held in the rooms, 857 Fort Street, on Tuesday evening.

**G.A.U.V.**—A general meeting of the Grand Army of United Veterans will be held to-night at 8 o'clock, sharp, in the Club premises, 1203 Langley Street.

**St. Mark's Hall.**—On Wednesday evening, under the auspices of St. Mark's Men's Club, H. S. Pringle, assisted by H. Masters, will give an illustrated lecture at St. Mark's Hall on scenes in Japan and China, the proceeds to go to renovating the hall.

**G.W.V.A.**—The regular meeting of the Victoria Command of the Great War Veterans' Association will take place on Tuesday night in the Bastion Street headquarters, commencing at 8 o'clock. The executive council will meet prior to the general gathering, commencing at 7 o'clock.

**Two Fires Occur.**—A blaze in a cupboard at the King Edward Hotel at 2 a.m. gave the fire department a short run. Little damage resulted. An overheated stove pipe in the kitchen caused a fire at 1437 Taunton Street on Saturday evening last. The brigade responded, the damage being small.

**Dog Bites Chinaman.**—Mrs. Herbert Kent reported to the police to-day that a Chinaman employed by her was attacked by a dog yesterday evening, while on Government Street, and severely bitten in the leg. The dog was set on the Chinaman by a group of four boys, it is alleged.

**Hold Meetings.**—A series of evangelistic services will be conducted at the Victoria Hall, corner of Blanshard and Pandora Streets all this week commencing at 8 o'clock. Forbes MacLeod, of New Zealand, is conducting the meetings and commenced his first service last night.

**Tag Day Successful.**—The Amputations Association is much gratified at the success of Saturday's tag day, convened by the I. O. O. E. The sum of \$1,128.46 was collected in the streets while His Honor the Lieutenant-Governor has donated \$10 a month to the club for the ensuing year, thus bringing the total amount to \$1,238.46.

**To Debate.**—The Young Men's Club of the Y. M. C. A. will meet to-night at the Metropolitan Church in a debate, on "Resolved, that daylight saving is in the best interest of the people of Canada," on Monday. The Young Men's Club have selected the affirmative, and will be opposed by the debaters of the Metropolitan Forum.

**Army and Navy Veterans' Smoker.**—President T. Drake occupied the chair at the smoking concert of the Army and Navy Veterans Saturday night when songs and comic solos were given by Comrades "T. Obee," H. Hinebalk, Dave Dumbarton and W. Corbett. A ventriloquist performance was given by Yorkie, and an entertaining duet by Obee, Peitch and Clear was greatly enjoyed.

**Will Address Kiwanis.**—"What a High School and College Means to a Boy's Later Business in Life," is the subject of an address to be given by Kiwanis S. J. Willis, Superintendent of Education, Victoria College, Craigdarroch, commencing at 6.15 p.m. The balance of the entertainment will be in the hands of college students.

**Fine Gauntlet Held.**—The City Police are holding at the Detective Department at the Police Station a fine motor gauntlet which was found on Humboldt Street on the night of February 10.—An exceptionally fine gauntlet the police thought that a little publicity might serve to locate the owner, who may have the glove on calling at the station.

**Metropolitan Y. P.**—"Handel and His Music" will be the subject of the evening at the Metropolitan Methodist Young People's Forum on Monday at eight o'clock, and is in the capable hands of Edward Parsons, the organist. Vocal and instrumental solos illustrating the works of Handel, the master of oratorio, will be rendered. The vocal soloists will be Mrs. Edward Parsons and F. Wadlington; cornet soloist, George Green; and organ solos will be given by Alfred Gurney and Edward Parsons.

**Water Gala.**—The result of the afternoons water gala among the school boys' section of the Y. M. C. A. have been listed as follows: Junior "A" Cubs, 23 points; Canucks, 22; Argonauts, 19; Excelsior, 17; and the Hi-Fliers, 6. The Junior "B" events were run off in fine style and produced the following results: Rough Riders and Tuscaroras, 26 points; Argonauts and Huskies, 16; Tilloums, 15; Capitols, 3.

**To Lecture on the Flag.**—Colonel Eardley-Wilmot will give a lecture on "The Flag for children at the Alexandra hall on March 21, at 8 o'clock. The lecture will be under the auspices of the Gonzales Chapter, I. O. E., and an invitation has been sent to the Boy Scouts, Girl Guides, and Boys' Naval Brigade to attend, as well as school children of the City. A small admission fee will be charged and any surplus over the expenses will be shared between the above organizations.

**Amateur Swimming Club.**—The Victoria Amateur Swimming Club will hold the last of their monthly training sessions, announced for March 21, has been advanced to Wednesday, March 22, at 7.30 o'clock, at the Municipal Council Chamber. The meeting will be held to authorize two additions in the Board of Directors, to permit of increasing the representation of the Municipal Council and School Board.

**Business Men's Finals.**—The result of the finals to the business men's basketball has been announced. The Huskies defeated the Bizarros with a score of 31 to 19. Both teams had never met before and both had not lost a game.

**Indoor Picnic.**—An indoor picnic is to be held at the Y. M. C. A. by the Hudson's Bay Co. employees on Wednesday at 8 o'clock. A sport and social programme has been arranged and a successful evening should be the result.

**To Form League.**—The business men's class of the Y. M. C. A. having completed their basketball schedule will form another of a similar sort to be run for the next six weeks until the close of the season. Four teams are entered in the league, and some really hot games are expected as the name of the league is entitled "Real Hot" basketball league.

**To Entertain Aldermen.**—Aldermen E. B. Andrews will entertain members of the Victoria-Saanich Beaches and Parks Committee at his country home on the Saanich Arm next Wednesday, when the committee will inspect beaches and parks on the Saanich Peninsula. The committee members will lunch at Aldermen Andrews' home at noon.

**Volley Ball Results.**—Interest is being taken in the business men's section of the Y. M. C. A., with the Volley Ball League. The standing shows that Whittington's team is leading by one point, while four other teams are tied for second place with two points, and the sixth and last team, namely the Witter's team, holding the tail end with one point.

**Interesting Lecture.**—Madame Briesan-Saxon, a noted French traveller and speaker, gave a most interesting address before the local branch of L'Alliance Francaise yesterday afternoon upon the subject of "Japan and Its Art." A series of beautiful colored slides on the temples, beauty spots, life and customs in Japan enhanced the interest of the lecture. The next fortnightly meeting of members will be held on Wednesday at 942 Courtney Street, the home of Mrs. Rickaby.

**Tennis Club.**—The First Presbyterian Club have opened their season and elected the following officers: President, E. H. Hinebalk; Vice-President, Warren Martin; Secretary, Miss Harkness; Treasurer, Mr. Brakenbridge. The Knox courts have again been secured for this season and some improvements are under way, the erection of a clubhouse being the feature change.

**Five Rays Club.**—The Five Rays Club of Victoria Chapter No. 17 Order of Eastern Star is making arrangements to hold an indoor circus and dance at the Knights of Pythias Hall on Tuesday evening, April 4, closing to the series of weekly dances held under its auspices during the winter. Ozard's Orchestra will furnish the music for the dancing from 9 till 11. The members of the club are looking after the catering.

**Grand Army of United Veterans.**—Smoker given by the members of the Grand Army of United Veterans in their clubrooms Saturday night, when Comrade J. McKenna occupied the chair and introduced the artists who took part. Among the artists were George Potter, Corpl. McVie, J. Higgins, Mr. McKenna, Sr., and Mr. Obee, comedian. \$200 was raised in the collection of the widow of the late Comrade Stanner.

**Advance Meeting Date.**—The extraordinary meeting of the Saanich Branch of the Victorian Order of Nurses, which was announced for March 21, has been advanced to Wednesday, March 22, at 7.30 o'clock, at the Municipal Council Chamber. The meeting will be held to authorize two additions in the Board of Directors, to permit of increasing the representation of the Municipal Council and School Board.

**Amateur Swimming Club.**—The Victoria Amateur Swimming Club will hold the last of their monthly training sessions, announced for March 21, has been advanced to Wednesday, March 22, at 7.30 o'clock, at the Municipal Council Chamber. The meeting will be held to authorize two additions in the Board of Directors, to permit of increasing the representation of the Municipal Council and School Board.

**Let us give you a few facts proving the economy and labor-saving feature of tractor operation.** Spring ploughing commences, and now is the time to go into this matter of power for the small farm or truck garden.

## HALL FORCES RALLY

Friends and supporters of the Hall-North policy are to meet to-night at a mass meeting to be held at the Chamber of Commerce auditorium commencing at eight o'clock. Rev. William Stevenson will take the chair, while the business of the meeting, it is stated, means of aiding Dr. Hall and Mr. North in their present difficulties. The meeting is to be conducted without any relation to matters now in litigation, and which are up for judgment.

**Native Daughters.**—There will be a meeting of Native Daughters Post No. 3 on Wednesday evening at 7.30 in the Victoria Club, when plans will be made in connection with the forthcoming concert. All members are urged to attend.

**Mid-Week Basketball.**—The Vancouver basketball team is scheduled to play at the Y. M. C. A. on Wednesday, March 22. This is the return game to the one Victoria gave on the visit to the Sound City. The preliminary event will be a game between the Newswies and the V. L. A. A.

**Whist Drive.**—A whist drive, the proceeds of which will go to the Friendly Help of Esquimalt, will be held to-morrow night at Wilson Hall, Esquimalt. Cards will commence at 8 o'clock, to be followed by a dance at 10 o'clock. Excellent prizes are up for competition.

**To Hold Concert.**—A concert will be given to-night at the First Presbyterian Church, commencing at 8 o'clock. The affair will be conducted under the auspices of the Harmony Bible class of that church, and a varied programme will be provided, including conjuring and ventriloquist turns by Yorkie.

**Municipal Chapter.**—The executive of the Municipal Chapter, I. O. E., met this morning at the headquarters to receive reports and discuss the agenda for the annual meeting which is to be held all day Thursday at the Empress Hotel. All members of primary and junior chapters are asked to attend and a cordial invitation is extended to visiting daughters to attend the sessions.

**Clothes for Boy Wanted.**—The Friendly Help Society is making an earnest appeal for a suit of clothes for a tall boy, 15 years of age. His parents are in such needy circumstances that they are unable to buy clothes in which he can attend school and a gift of a suit would be very gratefully received. The boy is big for his age, being 5 feet 9 inches in height.

**Kumtiks Club.**—Mrs. Rawlins gave an excellent address upon the subject "The Kumtiks Club," before the Kumtiks Club at its luncheon to-day at David Spencer's. Announcement was made of the social tea for members on Saturday next at 3.30 at the Victoria College, Craigdarroch, when it is hoped all members will attend. The meeting will be held on Saturday, when it is being conducted this week by B. C. Medical Association, Miss Gowanlock, of the Seattle Women's Business Club, was welcomed as a guest.

## UM-TUMBIES TO PLAY IN JUNIOR FINALS

The Um-Tumbies is the chosen team to go to Vancouver on April to represent Victoria in the Junior Sunday School provincial championship. The decision was made on Monday afternoon, when the Um-Tumbies walked over the Huskies with a score of 32-5.

The afternoon session of the Tuxis and Trail Ranger produced some surprising results. The results to the afternoon's play follows: Tuxis league—Um-Tumbies, 22; St. Mark's 10. Trail Rangers League—Um-Tumbies, 32; Huskies, 5; Argonauts, 13; Hustlers, 3; Otters, 14; Grays, 11.

## CHARGE IS DISMISSED.

Robert Wilson, charged in the city police court to-day with retaining tools in his possession, knowing them to have been stolen, was dismissed on the hearing of the evidence. Frank H. Fisher and others gave evidence to the effect that tools which they identified in the courtroom had been stolen from a house they were building in June last year on Montrose Street. Both witnesses stated that they saw the tools subsequently in Maynard's Auction Rooms, offered for sale. The accused stated that he had no knowledge that the tools had been stolen, and that he was apparently the victim of circumstance. The court dismissed the charge.

## CHARGE OF PROCURING.

In the city police court this morning Jack Grice was charged with procuring. Alice Ryan, a halfbreed, unfolded a tale of sordidness to the court. The hearing was adjourned until to-morrow.

## PREPARES CASE FOR CONVENTION

Chamber of Commerce Ready With Resolution

Associated Boards of Trade Meet Next Week

Important resolutions will be brought to the attention of the convention of Associated Boards of Trade of British Columbia by the Chamber of Commerce when the Convention opens here.

**Sooke Service.**  
The directors to-day received a report from the Resolution Committee of which C. T. Cross is chairman suggesting that among the matters that should be dealt with should be included an urgent demand for the inauguration of a mixed passenger and freight service over the Canadian National Railway between Victoria and Sooke, which should be as easily possible, and a paying proposition if a gasoline driven car were used.

With a view to relieving the Island Highway over Malahat Summit, it is also suggested that every effort should be made to put into service a ferry service between Patricia Bay on the Saanich Peninsula and Mill Bay, just the other side of the Malahat.

**Oriental Trade.**  
Resolutions relative to the possibilities of stimulating trade on the Pacific Coast, following the United States Shipping Board's order cancelling co-operative movement between United States railways and oriental shipping lines and advocating that the Canadian Government railway and shipping facilities should be used to take advantage of the trade which could be diverted to Victoria and other Canadian Pacific ports are also suggested.

The establishment of a Canadian Government Merchant Marine service between Atlantic and Pacific Canadian ports, via the Panama Canal and the appointment of a Canadian Customs Officer at New York will also be advocated.

Other proposed resolutions deal with the instituting of a registration fee for future conventions, and a strong recommendation to the Canadian Highway Association. Convention which will meet here this year to insure the early completion of an all-Canadian Highway.

**Professor Laube to Speak.**  
The directors were pleased to learn that the invitation sent to Professor F. J. Laube to address the convention of Associated Boards at the Friday night's session has been accepted. Professor Laube is well known here as the instructor on Finance in the Washington State University and his talk will be on taxation matters.

## Bailiffs at Bay; North Now at Hotel

Not wishing to be incommoded by the persistent watchfulness of a bailiff, Mr. and Mrs. North are staying at the Dominion Hotel, it was learned to-day. This arrangement it is explained is merely temporary, until the present legal proceedings are over. A rumor was current to the effect that Commissioner North could enter by a window to secure entry and exit from his house, but this is denied, it being explained that if such were the case the sheriff's men could do likewise. A suit brought by Fortin, a detective, seeking damages for the examination of Mr. and Mrs. North, to whom the North property on Johnson Street does belong legally. The sheriff meanwhile is placing his men on watch, and the North residence is the scene of many interesting situations.

## ENTRIES ARE IN FOR TELEGRAPHIC SWIM

The following are the entries for to-night's swimming gala at the Y. M. C. A.:  
20 Yards, Junior, Free-style—Ben, McMillan, Jack Clyde, Tom Wellburn, Stan. Moore.

20 Yards, Breaststroke, Junior—Ben McMillan, Stan. Moore, Jack Clyde.  
50 Yards, Breaststroke, Senior—W. T. M. Barratt, Angus McKinnon, J. Larson, D. Barratt.  
20 Yards, Breaststroke, Junior—Stan. Moore, Dave Barclay.  
50 Yards Free-style, Senior—Jimmy Cameron, Earl Squires, Tom Wellburn, J. Larson, Geo. Silburn, Doug. Smith.

## FEAR DRUNKEN INDIANS, SO THEY ASK CLOSING OF LIQUOR STORE

Residents of Telegraph Creek have petitioned the Liquor Control Board here for the closing of the Government venditor's store there, it was announced to-day at headquarters here. The petition of the residents for the closing of the store is backed by a statement from the Hudson's Bay Co., operating in the district. Both claim that the open sale of liquor by the Government makes it easy for liquor to get into the hands of Indians, who form a large part of the population of the district. This results in the Indians becoming demoralized.

This is the first time the Liquor Board has been asked by residents of a district to close a liquor store. Reginald Hesse, secretary of the Board, will draw the attention of the Premier to the petition before he sends a reply.

Gossip has it that the St. Louis Cardinals have made overtures to the Boston Braves for the services of one of the Boston catchers. The Cards are not too well fixed with infielders, however, and that is about the only dicker the Braves will listen to. Hank Gowdy, hero of the world's series of 1914 is the catcher most prominently mentioned.

## ALDERMEN VIEW SITE OF PROPOSED BUILDING

Members of the City Council to-day inspected the proposed site of a business block at the north end of the Causeway where interests represented by Amplett & Howell plan to start construction if satisfactory arrangements can be made with the city. These interests desire first an assurance from the city that improvements will not be taxed here in future, and secondly the removal of the comfort station beside the proposed building site. Members of the Council also plan to inspect the Public Market Building some time to-day to investigate proposed changes in the present system of renting market stalls.

## SON WINS SUCCESS.

Dr. Ernest Hall received word to-day from his son, Victor E. Hall, that the latter had passed his examinations in anatomy and physiology with marks of 100 and 95 per cent. respectively. Victor Hall is a student at Leland Stanford University, California, where he has already achieved a brilliant record.

## ORIENTAL CLUB CASE DISPOSED OF

Twenty-seven members of the Oriental Club, raided by the police at Fan Tan Alley recently, were to-day fined \$15 and \$2.50 costs each on conviction of being found in a common gaming house. Sing, Chung, Lou Duck and Ah Chew were dismissed, giving lawful excuses for their presence. W. C. Moresby acted for the accused. The Court remarked that two stool pigeons found in the place had not been called in evidence. City Prosecutor Harrison explained that he did not call the stool pigeons as the other evidence was sufficient and the court objected to such evidence. Mr. Moresby stated he had been advised that the two stool pigeons in question had endeavored to extort money from the men captured in the club. Charged with stealing \$150, the property of Andrew Watkins, of this city, on January 22, 1920, Stanley Harvey Creech, superintendent of the Provincial Labor Bureau, was remanded in the city police court to-day for hearing on Thursday. H. H. Shandley appeared for the accused.

SEA SCENES FILMED

WITH DIFFICULTY

"Moran of the Lady Letty," at Dominion, Stars Dorothy Dalton

Many difficulties of an unforeseen nature were encountered by George Melford, Paramount producer, and his cast of players in filming the sea scenes in "Moran of the Lady Letty," featuring Dorothy Dalton, which will be presented at the Dominion Theatre, commencing to-day.

The company left the Lasky studio in Hollywood, for San Francisco, the original locale of the story, by Frank Norris, expecting to return within three weeks. "Moran of the Lady Letty" is the Bay City for more than five weeks making the exteriors.

Many of the scenes were taken aboard two sailing schooners—a three-master and a four-master ship. These had to be towed out from port every morning to the open sea and towed back in the evening. These operations required from four to five hours each day, leaving about four hours shooting time daily.

In the morning, when the vessel was being towed out, the tide was coming in and in the evening, when the company turned the nose of the ship homeward, the tide was ebbing out to sea. Thus it was necessary to "buck" the tide both going and coming, which accounts for the time required to get to and from the outer-sea location.

Then, when the location was reached, if Dorothy Dalton or William Marshall, the cameraman, weren't seasick, a few of the highly dramatic scenes of the picture were made.

### MAE MURRAY IN "PEACOCK ALLEY"

Parisian Dancer Is Portrayed at Capitol

With Mae Murray in the stellar role of "Peacock Alley," now showing at the Capitol Theatre, motion picture fans will have the opportunity to see this beautiful star of stage and screen in one of the most elaborate of productions.

"Peacock Alley" presented by Robert Z. Leonard, is by Edmund Goulding based on a story by Ouida Bergere and is released by Metro Pictures Corporation for Tiffany Productions, Inc. The story of a Parisian dancer who falls in love with a small town American youth and finds her husband's people scandalized when she goes back to his home, resulting in the couple seeking their fortunes in New York, is one which gives Miss Murray unusual opportunity to appear in many gorgeous and artistic costumes among elaborate settings. Among the notable cast which aids Miss Murray in interpreting this romance of two countries is Monte Blue in the leading male role, Edmund Lowe, W. J. Ferguson, Anders Randolph, William Tooker, Howard Land, William Frederick, M. Durant and Jeffry Lewis. Robert Z. Leonard directed it. Oliver T. Marsh was the photographer.

For this week's Capitol presentation Mlle. Jean Gavena will be featured in several classic dances at the De Luxe evening performances. She is one of the most artistic dancers lately appearing in the big western cities and her dainty youthful charm will be sure to meet with hearty approval.

### IS BASED ON FAMOUS STORY

Pauline Frederick in "Roads of Destiny" at Variety

"Nothing that within you lies can change the plan of which you are a tiny part. Choose your road—go east, go west, or north or south and meet the thing from which you run away." That is the substance of "Roads of Destiny," one of O. Henry's masterpieces of short fiction, a screen adaptation of which will come to the Variety Theatre to-day. Rose Merritt, played by Pauline Frederick, finds death and disillusion wherever she turns. The genius of O. Henry found a means to show that no matter what she did or where she went, Rose Merritt could not escape the full clutch of Destiny. In the four episodes of the film she is four different persons—though but one and the same personality—a croupier at a roulette wheel in an Alaskan gambling den; a courted society favorite on fashionable Long Island, and her own self, a girl who has been betrayed and deserted by her lover. In each incarnation Destiny moves out to her the same fate, but her tragic doom clears for others the pathway to

happiness, and the picture ends on a note of satisfaction and calm after the three thunderclaps of emotion.

### ROYAL WEDDING PICTURES

At the Royal Victoria Theatre, commencing to-day and continuing all this week, the pictures of the Princess Mary's wedding will be on view.

Segrid Holmquist who supports Eugene O'Brien in "The Prophet's Paradise," is known in her own land as "The Swedish Mary Pickford."

### At the Royal All This Week

John Barrymore and Anna Q. Nilsson in "The Lotus Eater"

### THE "LOTUS EATER" HAS MANY STARS

John Barrymore Seen in Royal Offering

The greatest talent in the motion picture industry has been enlisted in making "The Lotus Eater," an Associated First National attraction which will be the attraction at the Royal Victoria Theatre all this week. John Barrymore stars in it. Marshall Neilan directed it. Albert Payson Terhune wrote the story.

George Ade wrote the subtitles. Wesley Barry, Colleen Moore, Anna Q. Nilsson, J. Barney Sherry, Ida Waterman and Frank Currier are in the supporting cast.

Because of this unusual combination of the best in every line, "The Lotus Eater" is one of the most remarkable productions ever made. But the story alone was sufficient to guarantee the success of the picture. The tale opens in the Mediterranean, where some wonderful scenic shots are shown. Later the action is diverted to New York City and then to Palm Beach, in the haunts of the rich pleasure-seekers.

Finally the principals are transferred to an island in the South Seas populated by persons who have been shipwrecked and tossed upon the little garden spot in the Pacific. Acting, direction, story and titling have been blended into such a perfect production that "The Lotus Eater" has set a new standard in motion pictures. It is a story of tragedy, love, humor, adventure and romance, woven together in such a skillful manner that it reaches the heights of entertainment.

The many friends here of the famous trio of brothers—Leo, Jan and Mischel Cherniavsky will be glad to know that they will give a concert here early next month—Wednesday, April 5. Leo, is the violinist; Mischel, the cellist, and Jan the pianist. They have recently completed a most successful tour of Australia and New Zealand, and are now on their way through Canada to England. This forthcoming concert will be held at the Empress Hotel ballroom, and is under the local management of George J. Dyke. Alec Cherniavsky, a brother, was in town yesterday and completed arrangements for their appearance here. He says some new works will be played here for the first time, and that their programme will contain some delightful numbers.

### NEW SCREEN RECORD

Metro's "The Four Horsemen of the Apocalypse," the Rex Ingram production of the novel by Vicente Blanco Ibanez, showing at the Capitol Theatre, New York, played to 20,000 persons a day, surpassing the house records of the world's largest motion picture theatre.

The prima donna Galli-Curci, will sing at the Arena in Vancouver on March 22.

### "ACE OF HEARTS" IS POWERFUL FILM

Fine Feature at the Columbia Theatre

To take life or preserve it: to set oneself up as an arbiter over the lives of others, or to pursue the course of enriching one's own existence by enjoying the common experiences that find solution in the new Goldwyn picture "Ace of Hearts," by Gouverneur Morris, which will be shown at the Columbia Theatre to-day, Tuesday and Wednesday.

Mr. Morris has presented a group of well-meaning but misguided reformers, who will stop at nothing to gain their desired ends. Though their aims may be altruistic and noble their methods are evil. Consequently, there arises the old question of "Does the end justify the means?"

The author of "Ace of Hearts" has developed his story consistently. As in all human activities, there is a very human slip between the conception and the execution of the group's plans. It is brought about by the beautiful love of two of their members, played by Leatrice Joy and John Bowers. Through the agency of another member, played by Lou Chaney, their evil methods meet an evil fate, and the lovers find a new basis for their future life.

The story is interestingly developed, and has been given an excellent production by the Goldwyn organization.

The Road to Romance—

Could she take it? Could she live down, as the wife of the man she loved, her identification with her background—the cafes of Paris?

or The Road to Ruin?

Could she go back to it, knowing that her single frailty must sooner or later yield to the menaces of men?

Such is the girl's dilemma in the resplendent screen drama which

Robert Z. Leonard presents:

## Granites Nose Out Ottawa by a Goal

### Montaguards Came Within Ace of Being Defenders of Allan Cup in East—Regina Vics Meet Granites in First Game For Canadian Amateur Title To-night

Toronto, March 20.—Regina Victorias and Toronto Granites met to-night in the first game of the Allan Cup final series. The games will be played under the rules which have governed O. H. A. games all winter. The prairies and the east use the same rules for their amateur hockey. The second and final game will be played on Wednesday night, majority goals to count. The local sport writers are dubious as to the ability of the Granites to hold the cup. Since Sir Montagu Allan handed the Allan Cup to the Ottawa Cliffsides, the following teams have won it: 1908—Queen's University, Intercollegiate. 1909—St. Michael's College, O.H.A. 1910—Winnipeg Victorias, Manitoba Association. 1911—Winnipeg Victorias, Manitoba Association. 1912—Winnipeg, Manitoba Association. 1913—Regina, Saskatchewan Association. 1914—Winnipeg Monarchs, Manitoba Association. 1915—Saskatoon, Saskatchewan Association. 1916—Dundas, Ontario, O. H. A. 1917—Kitchener, O. H. A. 1918—Hamilton, O. H. A. 1919—Winnipeg Falcons, Manitoba Association. 1920—University of Toronto, O.H.A.

Toronto, March 20.—(By Canadian Press)—Displaying a complete reversal of form to that shown in the first game of the Allan Cup semi-finals Ottawa Montaguards, champions of the East, scored four goals in the first period of the return fixture with Granites at the arena on Saturday and ran out a five-to-one winner but were down one goal on the round robin score in the first game which was 7-2. The score on the round robin was 8-7.

The Monties, playing 100 per cent better hockey than they did on Thursday, swept into the game in the first period with a dash that could not be denied and beat Ottawa for a fourth time. The Ottawa players were not as good as the ones who played there was a game on. Romeril then scored for the O. H. A. team, but Ottawa came back with another in the second big Ed Gorman breezing through the entire Granite team so easily that it looked very ordinary.

Checked Too Steadily. Granites tried to pull themselves together in the second period, but try as they would they could not pull clear of the clean and steady check of the Ottawa players. Gagne scored the only goal of the period on a shot from the side.

Granites had an edge in the final session but it did not get them any goals. The Monties maintained a steady defence and gave Conners fine protection. On the night's play the Ottawa team outskated the Granites both ways, showed more combination and closer checking. They were undoubtedly the better team and Granites were fortunate that they had the five goals spotted.

The line-up follows: Montaguards—Conners, goal; Gorman and Rheume, defence; Lafleur, centre; Gagne and Chouinard, wings; Foster, Pratt and Turner, substitutes. Granites—Collette, goal; Monroe and Fox, defence; Romeril, centre; McCaffery and Watson, wings; Sullivan and Agett, substitutes. Referees—R. Hewison and J. Gardiner.

Summary. First period—1, Monties, Rheume, 2:00; 2, Monties, Gorman, 4:00; 3, Granites, Romeril, 5:00. Second period—3, 5:00. Third period—No score. First Game To-night. Toronto, March 20.—After watching the Saturday night game between Granites and Ottawa Montaguards the Regina Victorias, who arrived here Saturday morning for the final Allan Cup games with Granites, seemed more confident than ever that they will be accompanied by the mug on their return to the West. The Westerners had a practice game soon after their arrival and made a good impression on the rail birds by their speed and general class. Coach and Manager Ritchie reported his men fit and ready to step along with the curriers for 60 minutes, no matter how fast the pace.

The Granites entertained their guests right royally yesterday, taking them for a motor ride around the city and winding up with luncheon at the Granite club. There will not be much difference in the weight of the two teams, taking them man for man, and the game should develop into a contest of speed and combination with the team able to stay with the pace the longest coming out on top. The Granites will enter the contest eight-to-five and two-to-one favorites.

All Men Are Fit. Though Alex. Romeril, of the Granites, was hurt in Saturday night's game, and Miller Hackney, Regina defence player, received a back smash in the lower part of his cheek at practice on Saturday, both players will be in the game to-night and the

rival teams will be able to present their strongest front. The lineup will likely be: Granites—Collette, goal; Munroe and Fox, defence; Romeril, centre; Watson and McCaffery, wings; Jeffrey and Sullivan, substitutes. Regina—McCusker, goal; Barker and Hackney, defence; Davidson, centre; Browne and Irvin, wing; Mollard and Lindsay, substitutes.

### PRIVATE SCHOOLS IN HARD SOCCER GAMES

Shawnigan Lake Preparatory School on Saturday entered the finals for the Wilson Cup, defeating Cranleigh School two goals to nil. The Shawnigan boys were the victors of a better understanding among their forwards of whom Edmonds and Osler II. were the pick and the sterling defence offered by their backs, Neill and Schwengers, both of whom kicked with excellent length and judgment. The outstanding player on the field, however, was Child, goalie for Cranleigh. This youngster made many remarkable saves and his team would have suffered a much heavier defeat had it not been for his sound display. The winners met Collegiate on Saturday in Victoria for possession of the trophy. The Collegiate defeated St. Michael's by 1-0 in a very spirited game. The losers had the misfortune to lose their outside left early in the game and the defence considerably weakened the side.

### NEW YORK TEAMS NOT WHAT CRICKS SAID

Fans Conclude That Both Teams Need Strengthening as Result of Games

New York, March 20.—Manhattan's two big league baseball clubs have far to go before they can hope seriously to compete with any degree of success with the teams of their respective leagues, fans of this city agreed to-day. The Giants took the small end of a 12-6 score against the White Sox yesterday at San Antonio, while the Yankees were beaten at New Orleans by the St. Louis Nationals, 13 to 16.

Brooklyn came through against the Louisville American Association at Pensacola, Fla., winning 3 to 1. A feature of the game was the pitching of Reuther, who held Louisville hitless for the three innings he worked. The Yankees defeat was a bitter pill to the fact that Babe Ruth permitted a single to pass through his legs like a pin in an alley. The incident sent White Sox to the lead in the longest long enough for St. Louis to win.

### ENGLISH BIGGERS WIN OVER SCOTCH

After Being Outplayed During Greater Part of Game England Rallied at Close

London, March 20.—England defeated Scotland 1-0 in the international rugby match at Twickenham on Saturday. The grounds were in excellent condition, and the game was played before a crowd of 30,000, in spite of the weather. King George was present and viewed the game. The band in attendance was supplemented by pipers of the London Scottish. Before the game started the players were introduced to the King.

The play immediately settled down in the early stages, both sides getting equal shares of the ball. The Scottish forwards, however, soon wanted to their work, getting the ball back with almost mechanical precision. The Scottish half-backs were very vigilant and sure, with the result that their three-quarters were able to make a number of well-timed movements, which, however, met with determined tackling from the English forwards.

After 25 minutes, in some loose forward play, Dykes gathered the ball on the run and just scrambled over the line. The English forwards were converted. On the re-start the Scottish pack continued to render yeoman service, and the English half-backs were able to do much against Bryce and Dykes, so swiftly was the ball back-passed, that the English were unable to get a quarter of an hour the English defence knew no relief from the Scottish players who were introduced dropping a goal by inches. The half-time score was 5 to 0 in Scotland's favor.

England Came Immediately. On resuming play Scotland immediately invaded the line where Smallwood saved by a brilliant overhead kick. However, a sensational run and shot by England returned to the attack, and for a time continued to have things much their own way. Then England made a sensational rally, Low setting over the line at the corner. Conway failed to convert. Three minutes later, from the scrum, Myers made a sensational run and shot to Low, who with a clear field, romped over. Conway converted. Scotland was granted a free kick later, and Maxwell hit the upright. A furious melee ensued in the scrum, and the English were saved from then on till the finish, played brilliantly. In the last minutes Davies broke clear away from the scrum and scored the best try of the match. Conway could not convert it, however.

### REGINA HOCKEY STARS IN MIX-UP IN TORONTO HOTEL

Toronto, March 20.—Three of the Regina hockey players are older and wiser to-day. Some time in the early hours of Sunday morning they were robbed of nearly \$200, one of the players contributing \$120. After being approached in a downtown hotel by a man who said he was a hockey fan and a friend of the West-enders, the players, at his invitation, went to his room, where, it is alleged, they were doped and robbed of their money and valuables. Harold Hutchins, of Winnipeg, found the unconscious players about 4 o'clock in the morning and notified the police. One of the players lost a draft for \$50 and another a diamond pin. The police are investigating.

### REGINA JUNIORS TO MEET CHALLENGERS

Prairie Youngsters Sprang Big Surprise in Winnipeg, Beating Varsity

Winnipeg, March 20.—Local hockey fans are up in the air to-day. They do not know how to figure the Junior Canadian Hockey Final here to-night between Fort William and Regina. The Thunder Bay champions put over a surprise by sending the Toronto Aura Lee boys back home after they had made ready to go to Winnipeg. Regina upset the dope by beating Manitoba Varsity after being three goals down in the first game. Hard ice will likely be on tap. The second game takes place Wednesday night.

Winnipeg, March 20.—Another of the many hockey surprises which has kept the western hockey populace on edge in the recent play-offs, was turned in by the Regina Patriots here Saturday night, when they downed the Manitoba University sextette, 5 to 0, after ten minutes' overtime, and won the Abbot Cup and the right to meet Fort William in the Canadian junior championship series here to-night and Wednesday.

Outplayed and outscored four to one in the first game, the visitors were not given much chance to overcome the big lead, but they showed a complete reversal of form on Saturday night by holding their speedy opponents scoreless and getting three goals in the sixty minutes of play, and then going ahead and demonstrating their superiority by slamming in two tallies in the last three minutes of overtime.

A Wonderful Finish. It was a wonderful finish to an uphill battle and the visitors deserved the verdict all the way by their remarkable playing. The Regina lads got two goals in the first two minutes of the first period, and got another in the first exchange in the second session.

The ice was somewhat sticky at the start, but the Regina lads lasted long sessions, and the exhibition of hockey was right up to standard. The visitors had the edge in back checking, while their rushes were always more dangerous than the local lads. Naismith and Milne starred for the winners, while Harris and Chapman were the pick of the losers.

The line-up follows: Regina, Naismith, Bennett, goal; Gilhooley and Pettigrew, defence; Milne, centre; Naismith and Collins, wing; Acaster and Edge, substitute. Fort William, Volsin, goal; Harris and Chapman, defence; Kelliher, centre; Sanderson and Matheson, wing; Wise and Murdoch, substitutes.

Summary. First period—1, Regina, Naismith, 17:00. 2, Regina, Milne, 1:10. Second period—3, Regina, Gilhooley, 1:15. Third period—No score. Overtime—Regina, Naismith, from Acaster, 7:30; 6, Regina, Acaster from Collins, 3:50.

### GRASS HOCKEY

The mixed hockey team of the Victoria Grass Hockey Club returned to the city Saturday evening after an enjoyable trip to Ganges. They were victors over the Salt Spring Island team by seven goals to three. The team which represented Victoria was composed of the following: Forwards, Beckton, Wilson, Miss Hutchison, Miss Wright and Miss Thorpe; half-backs, Muncy, Fletcher and Miss Tolson; full-backs, Adamson, Ware and Miss Stewart. Miss Hutchison and Miss Wright did some brilliant work for the Victoria side.

### DAVIS CUP GAMES IN EUROPE TO PROMOTE INTEREST IN GAME

New York, March 19.—The executive committee of the United States Lawn Tennis Association yesterday sent cablegrams to all challenging nations in the Davis Cup matches, offering to have the first and second rounds played on the home courts of Europe.

It was pointed out that home games would aid international tournament and interest in the sport generally.

MELVILLE WINS, BUT CUPAS FILES PROTEST

Saskatoon, March 20.—Melville defeated Cupas in the first game of the Saskatchewan hockey championship of Saskatchewan here Saturday night by a score of 3 to 0. Cupas has protested the game, alleging several Melville players are ineligible.

### CARPENTIER WILL TAKE ON ANYONE IN HIS PARIS SQUARE

Paris, March 20.—Georges Carpentier, the world's light-heavyweight champion pugilist, has signed an agreement to fight in Paris any American, British or foreign light-heavyweight or light-heavyweight who may be selected not later than September of this year. The fight is to take place in an open air ring, seating 40,000 persons, which it is proposed to build.

If the fight is arranged, it will be Carpentier's first battle in Paris in three years.

Carpentier may make the American light-heavyweights who want his crown to cross the water and meet him. He had to win it in America.

### WEST TO HOLLER AT HOCKEY GATHERING

Annual Meeting of C. A. H. A. Will Be Held in Toronto To-night; Grievances

Toronto, March 20.—W. R. Granger, president of the Canadian Amateur Hockey Association, arrived this morning from Montreal for the annual meeting of the association which is to be held this afternoon.

The western branches think they have a grievance over the Allan Cup playoff and are expected to ask for some other arrangement. The proposed ten-round bout between Billy Miske, of St. Paul, and Bartley Madden, of New York, light heavyweights, set for April 5 here, has been called off, it was announced to-day.

### SPRINTER AND HORSE TO ENGAGE IN RACE

San Francisco, March 20.—Morris Kirksey, Stanford University sprinter, who is one of the fastest men in the country, will run sixty yards against a race horse at a circus to be given here this week for the benefit of the community service work. Both the man and the horse will go from a standing start.

Another number on the programme will be a sixty-yard race between former sprint stars, one of whom will be Walter Christie, the veteran University of California track coach.

### BOAT CALLED OFF

St. Paul, Minn., March 20.—The proposed ten-round bout between Billy Miske, of St. Paul, and Bartley Madden, of New York, light heavyweights, set for April 5 here, has been called off, it was announced to-day.

### Liverpool's Defeat By Bolton Surprise

Does Not Affect Team Position at Top of League—Huddersfield Made Disappointing Showing Against Tottenham—England Was All Over Scotland

London, March 20.—(Canadian Press Cable)—The outstanding feature in the First Division league football games on Saturday was the home defeat of Liverpool by Bolton. This does not affect the leadership of the division since Liverpool is still well ahead.

Cardiff City accomplished a fine performance in drawing at Burnley. Huddersfield's visit to Tottenham was a disappointment, as the latter team attracted a big crowd, but the match was disappointing. Huddersfield's centre being sent off the field, Tottenham scored the only goal of the match.

The Chelsea-Manchester City game was also poor, being marred by an accident to Kelly, the latter's outside right, who broke his leg. Going Down. Aston Villa had little difficulty in beating Arsenal, who are faced with a tremendous struggle in order to escape relegation to the Second Division.

Manchester United are in the same boat, and their defeat by Blackburn Rovers makes their position well-nigh hopeless. Bradford City and Oldham both gained valuable points, which were

### Victoria Swimmers Compete With Easterners Over the Wire

Victoria's swimming marvels are not able to jaunt off to the East and participate in the big meets so they have decided upon the next best thing and will test their speed against the water stars of four Eastern towns over the wire to-night. Simultaneously in Regina, Fort William, Saskatoon, Brantford and Victoria swimming galas will be held, and the records made in each event will be communicated from one city to the other by telegraph.

The local gala will be held in the pool at the Y. M. C. A. commencing at 8 o'clock. The programme will be exceptionally good and some of the fastest swimmers in the city will compete. Dave Barclay, B. C. 50-yard champion; Angie McKinnon, the 220-yard champion of the province; Johnny Larsen, Dug Smith, Stan Moore and Tom Wellburn will be among the aquatic stars on show. Expect Big Crowds. The gala will undoubtedly attract a large crowd. The events are for both juniors and seniors and the fact that the swimmers will be in competition with the stars from other cities adds further interest. The winners of the inter-city

## Intermediate Rugby Issue Is Unsettled

present plan seems the best, owing to the short time at disposal. The board of registration recommended at the annual meeting in Winnipeg last March and formed at the October meeting of the executive will make its first report to the C. A. H. A.

The report will show that the branches responded splendidly by sending to the registrar the players' application forms for cards and that nearly seven thousand players are registered this season and a large number of transfers were reviewed.

### SPRINTER AND HORSE TO ENGAGE IN RACE

San Francisco, March 20.—Morris Kirksey, Stanford University sprinter, who is one of the fastest men in the country, will run sixty yards against a race horse at a circus to be given here this week for the benefit of the community service work. Both the man and the horse will go from a standing start.

Another number on the programme will be a sixty-yard race between former sprint stars, one of whom will be Walter Christie, the veteran University of California track coach.

### BOAT CALLED OFF

St. Paul, Minn., March 20.—The proposed ten-round bout between Billy Miske, of St. Paul, and Bartley Madden, of New York, light heavyweights, set for April 5 here, has been called off, it was announced to-day.

After an exchange of lengthy punts Goodacre brought off a fine kick, which found touch near Vancouver's twenty-five. From the line out the Victoria three got going nicely, and the game was fast and open, and one of the best of the year. Every man on both teams worked hard, and it was only due to a little hard luck that the locals were not set across the visitors' line. The game featured the work of the Victoria back division with Adams' kicking much in evidence.

After an exchange of lengthy punts Goodacre brought off a fine kick, which found touch near Vancouver's twenty-five. From the line out the Victoria three got going nicely, and the game was fast and open, and one of the best of the year. Every man on both teams worked hard, and it was only due to a little hard luck that the locals were not set across the visitors' line. The game featured the work of the Victoria back division with Adams' kicking much in evidence.

Another Score Missed. Looser following up the twenty-five kick with a fine burst of speed, blocked Downie's kick at the Vancouver twenty-five. This was a very pretty piece of work as well as a demonstration of the players' appreciation by wild applause. Victoria worked the ball to within five yards of the goal line, where a succession of punts took place, away, and Mitchell carried the ball over only to be dragged back by Downie before he could ground the ball. Under overtime, Adams worked the ball into Victoria territory, causing the home team to touch down after twenty minutes of fast play.

Another Score Missed. Looser following up the twenty-five kick with a fine burst of speed, blocked Downie's kick at the Vancouver twenty-five. This was a very pretty piece of work as well as a demonstration of the players' appreciation by wild applause. Victoria worked the ball to within five yards of the goal line, where a succession of punts took place, away, and Mitchell carried the ball over only to be dragged back by Downie before he could ground the ball. Under overtime, Adams worked the ball into Victoria territory, causing the home team to touch down after twenty minutes of fast play.

Attendance Still High. Pipe weather generally prevailed, and attendances were well up to the average.

England Wins Easily. Glasgow, March 20.—(By Canadian Press Cable)—The inter-league match here Saturday when the English defeated the Scottish 3 to 0, opened quietly, each side alternately testing the other's goal-keeper. The fine work of the English halves forwards attacking dashing style, Chambers, the centre, scoring.

The visitors now showed marked superiority in all departments, and the Scottish defence proved unequal to the task of stemming their persistent attacks. Smith, the English left wing, quickly added a second goal, and at the interval the game stood England 2, Scotland 0.

On resumption of play Scotland showed improvement, but they were pitted against a stonewall defence. Lucas, Wadsworth and Smith, the Scots' right half, were magnificent. With the addition of the third goal of Chambers, the game was as good as over, but the Scottish defence was harassed to the end of play.

A free kick for Vancouver brought the ball to centre, and good forward work carried to the twenty-five. Two more free kicks were awarded to Vancouver. Place kicks were attempted. The first was a failure, but the second sailed between the uprights only to be disallowed on an infraction of the rules. Victoria had to fight hard to keep the Centrals out, and it was some little time before McCallum relieved with a good dribble into the enemy's territory. It did not remain there long, and the final whistle found Vancouver in Victoria's twenty-five.

J. B. Axland refereed, and kept the teams in check. The teams were: Victoria—Fullback, Goodacre; three-quarters, Clark, Chaloner, Mitchell and Walls; half-backs, Beech and Taylor; five-eighths, Adams; forwards, Travis, Kinch, McCormick, McCallum, Loosemore, Milligan and Johnson.

Vancouver Centrals—Fullback, Downey; three-quarters, Proctor, Laidlaw, Ross and Joyce; five-eighths, Mahon; half-backs, Lewis and M. Rolston; forwards, B. Rolston, McDonald, Ramage, Irvine, Mowatt, Stewart and Gourlay.

Cups Presented. At half time the cups won by local teams during the season were presented. Mr. Gillespie presented the Burnard Cup to J. B. A. A. Mrs. Heyland, in presenting the Heyland Cup to J. B. A. A. said that her son, "Don," told her "that it doesn't matter so much who wins the game as how the game is played." Doctor

### Vancouver and Victoria Played to Scoreless Draw on Saturday Afternoon—Locals Had Hard Luck in Not Scoring Try

### ROMAN BACHELOR IS FANCIED FOR LINCOLN

London, March 20.—(By Canadian Press Cable)—Following is the latest betting on the Lincolnshire handicap which will be run on Wednesday: 6 to 1 against Roman Bachelor, 6 against Granely, Hopeful, Bachelor and Soranus; 25 to 1 against Roman Bachelor and Bargate, all taken and offered.

### BOSTON TEAM WILL REPRESENT STATES

Arrangements Completed for Series for International Amateur Hockey Title

Boston, Mass., March 20.—President W. S. Haddock, of the United States Amateur Hockey Association, announced Saturday night the final arrangements for the international championship series between the hockey title teams of the United States and Canada. The series will start with two games at Toronto on March 25 and 27 and will be continued with games here on March 30 and April 1. The Canadian representative will be the winner of the Allan Cup, yet to be decided, and the United States team will be the Westchester Club of this city, winner of the United States championship.

President Haddock made public the fact that although the trophy offered for the championship was the gift of Hamilton Wills, of Toronto, the deed of gift placed it in the custody of the United States Amateur Hockey Association. The trophy will appear as challengers and the winning club will be the one that scores the most goals in the four-game series. Should the teams be tied at the end of the series, the trustees of the cup are authorized by the conditions of the deed of gift, to decide the matter by a playoff game. Representatives have defended successfully and it will remain in the United States.

St. Paul Lost Out. Boston, Mass., March 19.—The Westminsters, the new champions completed their successes of the title series by defeating St. Paul in last night's game, 2 to 0. In the aggregate, the result was three victories for Westminister; a tie, which counted one-half a game for each team; seven goals for Westminister and one for St. Paul.

On the resumption of play Victoria continued as aggressors and soon worked the ball well down the field. A good kick by Adams found touch near the Vancouver goal line, but was not successful. Immediately after Victoria became extremely dangerous when Beech by a kick and run game took the ball into the Vancouver goal line. Half-time found both teams battling in Vancouver's twenty-five.

Victoria Still on Aggressive. On the resumption of play Victoria continued as aggressors and soon worked the ball well down the field. A good kick by Adams found touch near the Vancouver goal line, but was not successful. Immediately after Victoria became extremely dangerous when Beech by a kick and run game took the ball into the Vancouver goal line. Half-time found both teams battling in Vancouver's twenty-five.

Centrals began to play up at this stage while the home team showed signs of tiring. However, the play continued very even for some time with neither team having the advantage. Victoria then pulled off a couple of neat passes, and the result gained considerable ground and Vancouver was forced to touch down.

A free kick for Vancouver brought the ball to centre, and good forward work carried to the twenty-five. Two more free kicks were awarded to Vancouver. Place kicks were attempted. The first was a failure, but the second sailed between the uprights only to be disallowed on an infraction of the rules. Victoria had to fight hard to keep the Centrals out, and it was some little time before McCallum relieved with a good dribble into the enemy's territory. It did not remain there long, and the final whistle found Vancouver in Victoria's twenty-five.

J. B. Axland refereed, and kept the teams in check. The teams were: Victoria—Fullback, Goodacre; three-quarters, Clark, Chaloner, Mitchell and Walls; half-backs, Beech and Taylor; five-eighths, Adams; forwards, Travis, Kinch, McCormick, McCallum, Loosemore, Milligan and Johnson.

Vancouver Centrals—Fullback, Downey; three-quarters, Proctor, Laidlaw, Ross and Joyce; five-eighths, Mahon; half-backs, Lewis and M. Rolston; forwards, B. Rolston, McDonald, Ramage, Irvine, Mowatt, Stewart and Gourlay.

## BABE RUTH SMACKS ANOTHER HOME-RUN

Knocked It Against St. Louis Nationals, But Team Lost; Tris Speaker Hurt Knee

New Orleans, La., March 20.—(Exhibition)—Babe Ruth hit another home run yesterday when, with one man on in the seventh, he lifted the ball over the rightfield fence in a game between the St. Louis Cardinals and the Yanks, which the Cardinals won, 10 to 6. Other results were: Chicago Americans, 8; New York Nationals, 4. Cleveland Americans, 8; Cincinnati, 3. Boston Nationals, 5; Washington Americans, 3. Cleveland Americans, 3; Cincinnati Nationals, 16. Chicago Americans, 12; New York Nationals, 6.

### WESTS WIN FIRST GAME OF PLAY-OFF

Saanich Thistles Lost by Only Goal of Match on a Very Slippery Field

The first game of the junior elimination series for the O. H. A. Allan Cup did not get a very encouraging start on Saturday, although the Wests and Saanich Thistles played to their utmost to produce a fast game but the ground was miserable to play on. The Wests came off victorious with a score of 1-0.

It was not a case of football but the team who could keep the most players on their feet and the Wests did the trick and pulled off a lone score against the Thistles. The Thistles were really avoiding the two day's rain, and was very dangerous to play on, one of the West lads sustaining a hard kick which ended his activity in the game, although he gamely remained on the field.

In the first half the West attacked and gave the Thistles some lively back work, which kept the ball in the Thistles' quarters. During one of the Wests' sojourns in the Saanich lads' quarters, Dunn, centre forward, the Wests, produced some pretty dribbling, and was really running the full backs and finally fooling the goalie with a well-directed kick between the posts for the first and last goal.

The same old tactics followed this and the two teams had a try at their opponents' goal in turn, until the signs of tiring. However, the play continued very even for some time with neither team having the advantage. Victoria then pulled off a couple of neat passes, and the result gained considerable ground and Vancouver was forced to touch down.

A free kick for Vancouver brought the ball to centre, and good forward work carried to the twenty-five. Two more free kicks were awarded to Vancouver. Place kicks were attempted. The first was a failure, but the second sailed between the uprights only to be disallowed on an infraction of the rules. Victoria had to fight hard to keep the Centrals out, and it was some little time before McCallum relieved with a good dribble into the enemy's territory. It did not remain there long, and the final whistle found Vancouver in Victoria's twenty-five.

J. B. Axland refereed, and kept the teams in check. The teams were: Victoria—Fullback, Goodacre; three-quarters, Clark, Chaloner, Mitchell and Walls; half-backs, Beech and Taylor; five-eighths, Adams; forwards, Travis, Kinch, McCormick, McCallum, Loosemore, Milligan and Johnson.

**SOIL HANDLING ON SMALL FARMS**

Fertilizer Pays When Used With Wisdom; Closures Advised by Expert

Production of stock feeds at the lowest cost was the topic of an interesting address by Chief Instructor W. Newton, of the Soil and Crops Division of the Provincial Department of Agriculture, delivered on Wednesday evening at Royal Oak before a well attended session of the Victoria Farmers' Institute.

Mr. Newton was speaking on the use of fertilizers and cultivation methods best suited to this district. He showed that deep ploughing was not advisable for spring work, as it prevented a firm seed bed, but for fall work was preferable as the winter months gave time for settling. Winter drainage was urged, as causing plant roots to strike deeply and resulting in drought resistance in summer.

The difference in conditions to be faced by the small acreage man, as compared with the farmer of large areas, was emphasized when Mr. Newton was dealing with fertilizers. He advised that as heavy stimulation should be administered to small fields as would show returns above the natural minimum of the unfertilized land, and to secure this advised the use of lime, phosphate, potash, and nitrate in test patches in order that the farmer may know exactly what his soil is in need of, through a study of the results gained. Soil analysis does not show what the production may be from any given soil compound, he stated.

The acre crop which would pay a profit on large acreage would not meet expenses on small areas, pointed out the speaker, and urged that small tracts of land can be made to pay if handled to the best advantage.

To this end he advised the use of sweet clovers, as not only producing a highly valuable stock food, but at the same time improving the value

of the land for other crops to follow through the fixation of atmospheric nitrogen in the soil. The lecturer was not in favor of the sowing of the Huban annual clovers in the coastal districts of British Columbia, as running too much to stalk and too little to leafage.

#### IMPORTANT MOTIONS ON EGG DISTRIBUTION

The following resolutions were adopted at the recent Dominion Poultry Conference at Ottawa:

"That imported eggs be distributed in the original packages or in packages marked showing the country of origin.

"That all invoices covering the delivery of foreign eggs in shell or otherwise state clearly the country of origin. (In this the retailers dissented.)

"That all imported eggs other than those in the shell shall come in packages plainly and distinctly marked showing the country of origin and that when used in the manufacture of foods, and where such foods are sold, a conspicuous sign with two-line letters must be placed by the seller so that the consumer may know the country of origin.

"That the Department of Agriculture arrange for the supervising of the canned egg industry.

"That no person operating any cold storage plant shall receive eggs for storage or shall store eggs therein without an accompanying certificate in writing from the owner of such eggs, certifying that said eggs have been candied and all bad and unsound eggs removed.

"That no person shall receive, sell or demand payment for bad eggs in excess of a margin of allowance of one per cent on the total of each transaction."

The conference was presided over by the Dominion Livestock Commissioner, H. S. Arkell with F. C. Elford acting as secretary. It was the outcome of resolutions presented to Mr. Motherwell by the B. C. Poultry Men's Exchange, B. C. Poultry Association, Producers Associations of Ontario, Retail Merchants' Association, Wholesale Association, and National Council of Women. A. W. Neill, M.P., of Alberta, also accompanied the B. C. delegation.

**SPEND \$2,000 A DAY ON LIQUOR HERE**

That Is the Business Government Vendor Gets

Vancouver Buys Half Liquor Sold in All B. C.

Vancouver buys nearly half of all the liquor sold by the B. C. Government through its vendors' stores, according to returns being made to Regina Hesse, Secretary of the Liquor Control Board, who is compiling the half yearly report.

Vancouver uses more than five times as much liquor as Victoria, the returns indicate.

The figures compiled by the Liquor Board show that Vancouver does some 44.8 per cent of the Board's business, Victoria 8.8 per cent, and the rest of the Province 46.4 per cent.

One of the officials of the Board in giving out the figures pointed out that in Vancouver there are seven liquor stores, and 49 in the whole Province, but the seven stores in Vancouver do almost as much business as the other 41 put together if the Victoria store is excepted.

More Business Than Average.

With only one store in Victoria, the liquor vendor here does more business than the average Vancouver store, although the one on Fender Street is said to hold the record for big sales.

In round figures, over a period of weeks averaging the rush days with the slack, \$10,000 a day is being spent in the Vancouver stores for liquor, and \$2,000 a day in Victoria. The gross Government's profit runs about 40 per cent, but all operating and overhead expenses have to be paid out of it.

Liquor Board officials said to-day that the American automobile tourist business from Seattle is expected to be no mean factor in the liquor sales this summer.

Want Stores Open Later.

Representations have been made to members of the Board urging that liquor stores which now close at 7 p.m. be kept open until a later hour, especially in Vancouver and Victoria, so that transients will be able to buy from Government stores, instead of from bootleggers in hotels and other places, and the Government thus add to its profits without increasing the actual consumption of liquor.

#### TWO ARE INJURED IN AEROPLANE ACCIDENT

(Continued from page 1.)

Pilot Level-Headed.

The proximity of the fence precluded all possibility of a landing, and flying men, including Norman A. Goddard and others who witnessed the accident describe the action of the pilot in glowing terms. Major Saunders made the most of the situation.

Major Saunders returned last December from a two-year engagement in commercial flying for the Swedish Government. He had distinguished war service in the air and is rated as one of the most able of local aviators.

Previous to the flights of yesterday Major Saunders had been in the machine up several times in the last few weeks, and had expressed himself as satisfied with its performance in every respect.

Major Saunders obtained his discharge from the Jubilee Hospital this morning, though still carrying bandages around the head and scalp.

**YOUNG MOTHER NOW STRONG**

Her Mother's Faith in Lydia E. Pinkham's Vegetable Compound led Her to Try it

Kenosha, Wisconsin—"I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound. My mother had great faith in it as she had taken so much of it and when I had trouble after my baby was born she gave it to me. It helped me so much more than anything else had done that I advise all women with female trouble to give it a fair trial and I am sure they will feel as I do about it.—Mrs. FRED. F. HAGEMAN, 562 Symonds St., Kenosha, Wisconsin.

A medicine that has been in use nearly fifty years and that receives the praise and commendation of mothers and grandmothers is worth your consideration.

If you are suffering from troubles that sometimes follow child-birth bear in mind that Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is especially adapted to correct such troubles.

The letters we publish ought to convince you; ask some of your women friends or neighbors—they know its worth. You will, too, if you give it a fair trial.

opportunity moment turned the incident into an accident.

Will Try Again.

Undeterred by the complete loss of their machine, the local syndicate who are the operators of the Aerial Transport Company announced to The Times to-day that a new machine would be secured from the East immediately. The new machine is to be a large flying boat, and will be here in time to carry out the work of the season, the company having a roster of commercial flying engagements to fulfill.

#### Machine in Matchwood.

Had the event not occurred the machine was to have been flown to Prince Rupert within the next few weeks for the opening of the flying season there. After Major and Mrs. Saunders were dispatched on their way to hospital, the wrecked machine was hauled together and towed by car to the hangar, where the damage was analyzed. It was found that nothing but the engine can be used against the wreck of the machine is in matchwood.

The wreck of the Curtiss machine represents a loss of some \$3,600, with a replacement cost at a very much higher figure.

Experienced Aviator.

Major Saunders returned last December from a two-year engagement in commercial flying for the Swedish Government. He had distinguished war service in the air and is rated as one of the most able of local aviators.

Previous to the flights of yesterday Major Saunders had been in the machine up several times in the last few weeks, and had expressed himself as satisfied with its performance in every respect.

Major Saunders obtained his discharge from the Jubilee Hospital this morning, though still carrying bandages around the head and scalp.

what little luck fate allowed him, and got his machine out of the nasty situation with a high degree of level headedness. But for quick thinking and quicker action the accident might well have been a tragedy.

About ten minutes before the ill-fated flight, Major Saunders had taken the machine up for a flight, alone, to test the air. Flying conditions were found to be perfect and Mrs. Saunders was prevailed upon to accompany her husband in the next flight. The machine took off in the face of a slight southwest wind, rising over the water tank, towards the gates of the paddock, until it had reached the altitude of some 150 feet.

#### Faced With Landing.

The machine was a Curtiss J N 4, equipped with 90 horsepower Curtiss engine. Previous to this the engine had behaved in an exemplary manner, being in fine trim. Suddenly the engine on the ground heard the engine "cut down," and noticed from the changing sound that the engine was getting slower. Presently the engine became so dull that it would not retain flying speed and the pilot was faced with a forced landing.

#### Made Clever Attempt.

The machine at the time was over the houses at the south end of the paddock, and the only clear space was at the corner of Dalhousie and Cadboro Bay Roads. Major Saunders brought his machine into line to land in this patch, cleverly sidestepping it into position, touching ground on an even keel just a few yards off the fence.

Striking the fence with a velocity of some fifty miles an hour the machine was wrecked, being a complete write-off. The wings crumpled up, the propeller smashed, and the gasoline tank split open. Luckily the escaping gasoline did not ignite, or the whole wreck would have been a mass of flames in seconds. The occupants of the machine were thrown about as the front of their respective cockpits, Mrs. Saunders in front being out of splinters of wood and sustaining shock from the impact.

Licensed By Board.

Long before the usual crowd had gathered, Dr. Poyntz had the occupants on their way to hospital. Machine and pilot were both licensed by the Canadian Air Board. It is understood, and nothing but the working of illfortune at the most in-

**G.N.V.A. BAND CONCERTS END**

Lieut.-Governor Praises Bandmaster and Manager

Last evening at the Capitol was brought to a conclusion the series of twenty Sunday evening concerts given by the Great War Veterans Association Band. These concerts have proved quite popular during the winter season, and a capacity house greeted the band and associated artists, many being unable to gain admission. The occasion was marked by the distinguished presence of the Lieutenant-Governor of the Province, Walter C. Nichol, Mrs. Nichol and party. His Honor for the second time attending. He expressed his delight at the high standard of concerts maintained in the community, and personally congratulated the manager and bandmaster. He also took the opportunity to extend his best wishes to Frederick Waddington, the conductor, and to the pupils comprising the Lamson Street School Choir.

The programme opened with the Canadian Anthem "O Canada," followed by the school choir, consisting of about seventy boys and girls, who gave six numbers, the composers being represented therein in Beethoven, Bach, Handel, Brahms, and Brahms. Their singing was most enjoyable and there were evidences of good and sound training on the part of the conductor, F. Waddington, the music supervisor of the school. The attack, shading of sentences, distinctness of words and fine tonal qualities, were all admirable throughout. "The Lullaby" by the girls only, and "Swanee River," by the boys, proved irresistibly taking, and "I Passed by Your Window" was another example of splendid treatment. Master Monty Read, the boy soloist, gained much distinction in his beautiful rendering of the recitative and beloved aria "Angelo Ever Bright and Fair" (Handel) and was vociferously applauded at its conclusion. Miss Riddell, of the school, played the choir accompaniment.

Band Selections.

The selections by the band were well and adequately chosen to suit the occasion, and in this respect James M. Miller, the popular bandmaster, has been successful throughout the concerts. The "Ruy Blas" overture (Mendelssohn), and the serene "Baby Sweetheart" (Currier) were given with splendid contrasting effects, and the two marches "The Cascades" (George J. Dyke), and "Exit Gladiators" (Finck), appropriate enough, were sufficient to stir the inherent rhythm of those present. Mr. Miller was compelled to bow his acknowledgment again and again, the prolonged applause no less a tribute to his skill and taste displayed throughout the series of concerts. And it must not be forgotten that he has kept his men together with tact and discipline the whole season "ough. The number, the "Bandit's Strike," where the men marched off the stage one by one to reappear in the refrain "Sold Auld Acquaintance," etc., caused much amusement.

Soloists.

Little Betty Massey, well-known to Montreal concert platforms, sang charmingly, and with delightfully enunciated lyrics, Lehar's "The Song of the Sea." Her accompaniment of Mrs. Massey. She evinced much artistry, and gave for an encore a French song, "French Song."

Mrs. Winnifred Meadows, a newcomer to musical circles, made a most favorable impression. Her vocalization is of a very high order, and in "Leaves of Care" a somewhat Handel-like song "God Is My Refuge," the clarity and strength of her pure soprano voice delighted the audience. Her second number, "The Magic Month of June" (Newton), displayed abundant versatility, and her use of the half voice was well judged and effective. In all she did she showed high musical understanding.

Mrs. W. P. McDonald was more than a pleasant surprise last evening. She has a well-trained lyric soprano voice, pleasing and flexible, and her diction and style are quite attractive. She held her audience in "April Morn" (Robert Batten), who warmly applauded her at the finish, and in "Somewhere a Voice is Calling," her clear soprano was heard to great advantage. For her encore she chose the somewhat difficult song, "The Song of the Sea," by Gertrude Ross. Robert R. Webb, so well-known to concert goers, is always conscientious, pleasing and sound. His baritone voice is compelling, and he sings as if stardom were his the greatest possible pleasure. It was inevitable that after "Good Company" (Stephen Adams), he should receive a double recall responding with "Mullin's" and "The Little Irish Girl." One of the outstanding features of the evening were the duets by Mrs. W. P.

#### CONSTIPATION BAD HEADACHES FAINT, DIZZY SPELLS

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after, until some serious complication sets in.

A free motion of the bowels daily should be the rule of everyone, and there will be no constipation, sick or bilious spells, indigestion, heartburn, flatulence, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc.

Keep the bowels properly regulated by the use of

#### MILBURN'S LAXA-LIVER PILLS

and you will enjoy the best of health.

Mrs. Frank Wilsey, R.R. 3, Belmont, Ont., writes:—"I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would bloat terribly. I was nearly discouraged for I had tried so many things that I felt I was a failure. My mother got me a vial of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one vial I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world."

Price, 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**Japanese Crepe Kimonos, embroidered in pretty floral designs, fastened at waist with belt; dainty colors. Excellent values at ..... \$2.95**

McDonough and this popular baritone.

The accompaniments were again in the able and skilful hands of Mrs. A. J. Gibson, who has acted as accompanist throughout the twenty concerts with so much support and discernment.

#### TEACHER FOUND PLACE FILLED

Now Sues Abbotsford School Board; Had Been on Holiday

An action claiming \$237 has been commenced in the New Westminster County Court by Miss Lillian Estey, a school teacher formerly located at Abbotsford and now on the Burnaby school staff, against the Abbotsford School Board. While the amount at stake is comparatively small, the case is one of great importance to teachers all over the province, as it will determine their rights in the matter of engagements with school boards. H. Norman Lidster is counsel for the plaintiff.

It appears that the Abbotsford trustees held their annual meeting last July and decided on a reduction in salaries. Some of the teachers objected, and were promptly informed that if they did not like the new schedule they could quit. Miss Estey was away on holiday and knew nothing of these proceedings. She returned at the beginning of September, intending to resume her duties, but to her great surprise found that she had no job. Her place had been filled by another, who was in possession. Apparently the Board having heard nothing from Miss Estey, had assumed that she was willing to work at the lower rate and had acted accordingly.

The matter was taken up by the teachers' Federation, and negotiations opened which, however, achieved no settlement. Miss Estey got an appointment in Burnaby, entering on her duties there on October 10. The Abbotsford Board was asked to pay her a sum equivalent to the amount she would have earned between Sept. 1 and October 10, plus one month's salary in lieu of the thirty days' notice usually given, but they declined. Accordingly action has been commenced to recover the amount stated.

#### JOINS MOTOR COMPANY

A. Brockhurst, Formerly of Kirkham's, Now With Consolidated Motors.

A. Brockhurst, well-known in Victoria as one of the promoters of the firm of Kirkham & Company, Limited, in 1910, and who was secretary and a director of that concern until just recently, has gone into the motor business.

The Consolidated Motor Company, local distributors of the Hupmobile cars have been fortunate in securing Mr. Brockhurst as a member of their sales department. Mr. Brockhurst has every confidence in the future of the motor car business, hence his decision to apply his energies in that direction.

#### CANADIAN SCOTTISH.

Regimental Orders.

Part I.

By Lieut.-Colonel H. M. Urquhart, D.S.O., M.C., Commanding 1st Battalion (16th Batt. C.E.F.), The Canadian Scottish Regiment.

The Armoury,  
Bay Street, Victoria, B.C.,  
March 18, 1922.

1. Parades—The usual Battalion parade will be held on Tuesday, March 21, 1922, at Headquarters.

2. Fall In—Companies will fall in on their company parade grounds, under their respective company officers at 8 p.m.

3. Dress—Service dress for all ranks.

4. Arms, Issue of—All N.C.O.'s and men will draw a rifle and bayonet from the Quartermaster's Store before falling in on parade.

5. Military Text Books—All officers and non-commissioned officers will leave all Military Text Books, now in their possession, carefully tied and labelled with the owner's name, in the Orderly Room. These books are required for inspection by the General Officer Commanding.

6. Record of Services—Officers will sign the Record of Services Book in the Adjutant's office.

7. Pipe Band—Company Commanders will march their companies from the company parade grounds on to Battalion Markers when the Pipe Band plays "The Gathering."

F. L. HILL,  
1st Battalion (16th Batt. C.E.F.), The Canadian Scottish Regiment.

#### FEMINE FRIENDSHIP.

"Is Bessie a friend of yours?"  
"Yes—What has she been saying about me now?"—Judge.
